

Reporting Investments

Net worth means current value minus debt. If net worth is negative, enter 0.

Investments include real estate (do not include the home in which you live), rental property (includes a unit within a family home that has its own entrance, kitchen, and bath rented to someone other than a family member), trust funds, UGMA and UTMA accounts, money market funds, mutual funds, certificates of deposit, stocks, stock options, bonds, other securities, installment and land sale contracts (including mortgages held), commodities, etc.

Investments also include qualified educational benefits or education savings accounts (e.g., Coverdell savings accounts, 529 college savings plans and the refund value of 529 prepaid tuition plans). For a student who does not report parental information, the accounts owned by the student (and/or the student's spouse) are reported as student investments in question 42. For a student who must report parental information, the accounts are reported as parental investments in question 91, including all accounts owned by the student and all accounts owned by the parents for any member of the household.

Money received, or paid on your behalf, also includes distributions to you (the student beneficiary) from a 529 plan that is owned by someone other than you or your parents (such as your grandparents, aunts, uncles, and non-custodial parents). You must include these distribution amounts in question 45j.

Investments do not include the home you live in, the value of life insurance, retirement plans (401[k] plans; pension funds, annuities, non-education IRAs, Keogh plans, etc.) or cash, savings and checking accounts already reported in questions 41 and 90.

Investments also do not include UGMA and UTMA accounts for which you are the custodian, but not the owner.

Investment farm value does not include the value of a family farm that you (your spouse and/or your parents) live on and operate.
