Current Research Agenda

My intellectual interests are focused on the ethical concerns of administrators and the impact of the multiple environments on the decision choices of administrators.

Academic Honors and Awards

1960-61	Universided De San Carlos Summer Scholarships
1963-64	Fulbright Fellowship to Argentina
1965-70	University of Florida Graduate Assistantship
1970-71	Florida Legislative Internship
1978	Gerontological Society Research Models Fellowship Program
1979	American Society for Public Administration Certificate Award
1981	University of Louisville Gerontology Center Study Grant

Other Professional Activities

I believe that established academics have a responsibility to future professional institution building. I have mentored and edited for several minority Ph.D. candidates in situations where their Ivy League school provided no guidance or encouragement. I also assisted a former graduate prepare a complex application for medical school admission. The good news is that she was accepted and began this summer.

I have been associated with the doctoral program at Walden University since 1988.

Courses Taught

HSA 500	Concepts of Administration – fall
HSA 516	Political and Legal Environments of Administration – spring
HSA 559	Project Seminar – fall and summer
HSA 575	Ethics of Administration – spring
HSA 569	Administering Health Systems
HSA 583	Legal Issues in Health and Community Services
HSA 582	Supervisory Issues in Health and Community Services - summer
