4 M Note Taking Assignment

Names: _____

Date of Lecture: _____

Topic: _____

Review your notes with a partner and identify the material that **MATCHES** in both of your notes. List the first 3 main points from the lecture that each of you recorded in your notebooks:

1. _____

2. _____

3. _____

Compare notes with your partner to identify information that you may have **MISSED**.

- Ask yourselves if the missed material is relevant
- Notice if you tend to omit main ideas, details, examples, or digressions.

Name: _____ Omissions: _____

Name: _____ Omissions: _____

- Did you include too much information
- Using different colored pens or pencils, edit your notes by adding information that you missed.
- Try to determine the reason you missed information (distraction, lecture speed, unfamiliar concepts or vocabulary, etc.) Indicate those reasons here:

Name: _____ Reason: _____

Name: _____ Reason: _____

Illustrate your understanding of the lecturer's **MEANING**. Discuss the following questions with your partner and answer below:

1. State an objective or theme of the lecture.

2. How did this lecture relate to prior lecture or reading assignments?

3. Predict what might be discussed in the next lecture.

Method of **MEASUREMENT**: review your notes and predict an essay exam question based on this lecture.
