Your assignment for the next few weeks is to talk to your constituents and get personal feedback. Aramark would like to do some special meal nights and enhanced dinners. Should this be a theme food? Talk to your constituents who have meal plans. Mid-Night Breakfast is Monday, December 11th, 10 PM and is open to all students. Please let your constituents know about this as well.

VIII. For the good of the order

Guest Speakers for Senate - Dean Campbell has expressed an interest in speaking at a Senate meeting next semester. There were some concerns that he was already at October GA. Please get some feedback from you Senators.

Arts and Sciences – was dissolved on this campus to help the college and University. This provides opportunities to bring faculty from the Lawrenceville campus and is generally lower in cost.

Presence of Alcohol – reduce penalty, feels that there should be sober people there and not be penalized for not drinking. How are we supposed to know they are not drinking? The law states guilty by association so why should we be an exception?

Fall Break – There is still concern about the lack of a fall break from faculty and students. This has been taken into consideration is being considered for the calendar for next semester.

On 9 AM this Sunday the committee will do a walk through of the campus and bring a list to facilities in order to bring them aware of some problems they might not be aware of.
