Come Ride with Us
Cheer On the Climate Riders

Students, alumni, faculty, and staff of Rider University and their families are invited to join the Rider Energy and Sustainability Steering Committee to show support for Climate Ride 2008. Sunday, September 21st in Lambertville, New Jersey.

What is the Climate Ride 2008?
Climate Ride 2008 is a 5-day bicycle ride from New York City to Washington, DC being held to raise awareness of the need for renewable energy and a green economy. It will pass through Lambertville New Jersey on the morning of Sunday September 21st.

What will we do?
The ESSC will meet the ride in Lambertville at 9 AM to show our support and to encourage the 100 riders who are riding 380 miles to support private and public actions to address global climate change. After greeting the Climate Riders as they come though Lambertville, we will cycle down the beautiful Delaware and Raritan Canal bike path to Trenton.

How will we get there and back?
Busses will leave the Rider Lawrenceville campus at 8 AM, stop briefly at the Princeton campus and then take us to Lambertville. The busses will meet us in Trenton at the end of the ride and take us back to campus.

How much riding is this?
The bike ride is about 10 miles and is along a bike path between the D & R Canal and the Delaware River. We should be back on campus by 2 pm.

Do I need my own bike?
You are encouraged to bring your own bike but rental bikes will be available if you don’t have your own. Rental bikes must be reserved by Monday September 15th.

What should I bring?
- Water or sports drink (1 liter or more)
- Snacks: cookies, bananas, trail mix, energy bars
- Sunglasses
- Sun screen, SPF 30 minimum
- Riding gloves
- Tire patch kit
- Tire pump

Sign up -- go to:

You MUST have a bike helmet to ride-no exceptions!
