SENATE RESOLUTION

Sen. Fili submitted the following resolution concerning the seating problem in the Dining Commons at Westminster Choir College
WHEREAS: Westminster Choir College has one dining hall in service for the entire College community from the hours of 7:30AM to 6:30PM;

WHEREAS: The Dining Commons was not designed to service the quantity of patrons it currently does;

WHEREAS: The Dining Commons serves not only the students on the College meal plan, but students, faculty and staff who wish to purchase meals;

WHEREAS: The dining facilities are insufficient during times of high volume;

NOW THEREFORE BE IT RESOLVED THAT:

It is the opinion of the student body as represented by the Senate of the Student Government Association of Westminster Choir College on the Princeton campus of Rider University that the seating in the Dining Commons needs to be expanded. This senate recommends to the Department of University Facilities that the ledge surrounding the front stairs to the Dining Commons be converted into a raised seating area. This senate recommends that the ledge be expanded to three feet wide. The side facing the Dining Commons shall serve as a bar style overhang, and raised chairs shall be placed there for seating. On the opposite side, a six-inch high lip will guard the staircase from anything that may fall. The senate would like to see this renovation completed by the start of the spring semester of 2008. This senate will be happy to
discuss our vision of this project in further detail if the
administration of Westminster Choir College, Rider
University, and the Department of University Facilities
would wish.
