A. Opening Remarks
   1. As trustees, we are expected to represent the opinions of our class, however we are not forced to, based on the constitution.
   2. No public notice about this meeting?
   3. Constitution states Sunday nights at 8, we should change that

B. Financial Status
   1. We should work semesterly rather than yearly, because SAF can only be requested per semester
   2. Fundraising vs. SAF – class governments fundraise 2-3 times per semester, not a significant amount of money, necessarily
   3. Funds are brought to ADOS, brought to the bank under separate account
   4. Allocated funds have been approved over the summer, capability for exec board to allocate funds stops now

C. Budget Proposals

I. BHA - $2,435.00
   A. Dance workshop
      1. Has already happened, since it had to be on a specific weekend.
      2. Payments have not been made yet
      3. None of the exec board were at the SGA training day, they did not know about it
      4. Event was on September 25\textsuperscript{th} (written on form as October, this was incorrect), request was submitted on October 27\textsuperscript{th}.
      5. Discussion
      6. Alex Benestelli moved to approve the temporary dispersement of 150 dollars to Michael Mastin on the condition that BHA repays the whole amount of 150 dollars to the SAF on or before December 1, 2009. If BHA fails to repay the SAF in the full amount by the specified date, all BHA funds shall be frozen until such payment is made.

B. Mentor/Mentee dinner
1. Upperclassmen with BHA experience paired up with freshmen
2. This year, aiming for more multi-cultural – you don’t have to be black or Hispanic

4. Last year, 35 people attended, it was catered, cost much more than this year’s figure
