

Campaign Priority II

Enhancing the living and learning environment through new construction and renovation of campus facilities

Goal: \$10 million for athletic facility improvements

You champion the college experience through support of athletic facility improvements

Students want a college education, but what they desire is a complete college experience.

Rider's NCAA Division I sports teams play a central role in creating the college experience for students. The excitement that surrounds big games is a key element of life on campus, and the camaraderie of rooting for the Broncs lasts well beyond the fading sound of the last buzzer and long after the last player heads to the locker room. In addition to providing a social hub where students, alumni, season ticket holders and casual fans alike get swept up in the emotion of cheering on our student-athletes, our successful teams increase school spirit, impact enrollment and connect us to the greater community.

Donors who give to athletic facility improvements

Bring students together Build loyalty and school pride Heighten the University's profile

Help boost overall enrollment Aid recruitment of top studentathletes

The condition of a university's athletic facilities has never been more important to the success and status of its sports program. Rider seeks to turn Alumni Gym into a mini-arena with a new and more spacious lobby, increased seating capacity, better sight lines to the court, easy fan access that does not disrupt the action, and a center-hung scoreboard with digital display.

"I'm excited about the plans. These renovations will make Alumni Gym have a really good feel and be a great environment for everyone."

Anilee Sher, Class of 2022

Elementary education major Setter, volleyball team "I like that our facilities keep improving.
As a student-athlete it is really great
to know that there are people who
continue to support our teams and
want the best for us. I came to Rider
because of that sense of community
and with this project, I see that."

Ajiri Ogemuno-Johnson, Class of 2022Psychology major
Forward, men's basketball team

Improving the fan experience is a top priority at Rider

Plans also call for the creation of a luxury box, new ticketing and concession areas, expanded and additional restrooms, improved broadcasting and advertising areas, and enhanced athletic training facilities. A new wing will provide a dedicated volleyball locker room and upgraded athletic administrative offices.

Naming Opportunities

- Athletics Complex Indoor (\$5M)
- Alumni Arena (\$2.5M) *
- Alumni Arena Competition Court (\$1M)
- Alumni Arena Grand Entrance Lobby (\$1M) *
- Basketball Practice Facility (\$1M)

- Women's Basketball Assistant Coaches Office (\$50K)
- Women's Basketball Locker Room Lounge (\$50K)
- Visiting Team Locker Room (\$50K)

Watching our athletes compete is inspiring. Watching them excel is fulfilling.

Through donor support over the last seven years we have been able to enhance the daily lives of our players. Our teams have responded to your backing, experiencing tremendous success both in the scorebooks and in the growth and development of young women and men. Now we are tackling the most visible part of the athletic program with renovations that will transform the game day experience for spectators. With your help, we will be able to provide a better experience for the fans whose steadfast enthusiasm is the fuel which drives Rider athletes to excel in high-level competition.
