YOUR SUPPORT WILL COMPLETE THE MODERNIZATION OF ALUMNI GYM

About the Rider Arena project

Alumni Gym stands as a cornerstone of campus life, rich in history and historic moments. With your help, the final phase of this important building's transformation can begin.

- » Luxury box seating with an entertainment suite
- » Expanded seating along the baseline and in corners
- » More bathrooms
- » A larger lobby with concession stand and ticket booth
- » Dedicated locker for the volleyball team
- » Significant expansion of sports medicine
- » New 5,800-sq.-ft. strength and conditioning center for all student-athletes

We invite you to bring this project home

Over the years upgrades to this campus treasure have improved daily operations for the athletic department, contributed to a better game day experience for fans, and elevated facilities for our student athletes while improving Rider's profile in highly visible ESPN broadcasts.

Your support now will help us to continue to enhance one of the most visible parts of our athletic program.

With \$6.5 million left to raise, we are more than halfway to our \$18.2 million goal and transforming Alumni Gym into a modern NCAA Division I arena.

DON HARNUM

“ The University’s athletic facilities are important to the continued success and status of its sports programs. The modernization of this facility will boost Rider’s profile, aid in recruitment and be treasured by fans as a point of pride for Broncs everywhere. ”
