

**SUPPORTING OUR STUDENTS**

# Institutional Updates

## March to Sustainability

Rider is advancing a thoughtful sustainability plan designed to **strengthen the institution and support long-term success**. Approved by the Board of Trustees, the plan focuses on responsible financial stewardship, academic strength and an exceptional student experience.

## Rider is Fully Accredited

And will continue to be. Rider has taken the required steps to permanently maintain all of its accreditation and is working closely with its accreditor as part of the standard monitoring process. Documentation has been submitted demonstrating meaningful progress and sustained forward momentum.

Students remain on a clear path to graduation with strong academic and advising support.

## Experienced Leadership

President John R. Loyack brings proven experience leading institutions through strategic transitions and positioning them for long-term stability and growth. Rider's leadership team remains focused on strengthening the university and supporting student outcomes.

## A Strong & Supportive Community

As Rider University enters its next chapter in a proud 160-year history, members of our community are sharing why they believe in the transformative experience Rider provides. At the heart of that experience is a **strong, supportive, and close-knit environment**, where students benefit from personalized attention and the guidance of dedicated faculty, advisors, and staff committed to their academic progress and overall success.

## Student Navigation Office

The **Student Navigation Office** provides individualized guidance for new first-year and transfer students as they transition to college. Located in the Bart Luedeke Center, the office connects students with faculty and staff who help ensure access to academic resources, advising and campus support from day one.

## New Health & Wellness Center

Rider is investing in student well-being through the development of a **new Health and Wellness Center**. The Center will bring together Health Services and the Counseling Center in one welcoming space and will include a Sensory Room and community space for outreach, education and support.

## Presidential Hope Fund

The **Presidential Hope Fund** reflects Rider's commitment to student success. The fund provides short-term financial assistance to students facing unexpected challenges, helping them remain enrolled and on track toward graduation.

**\$2.4M**  
raised

since Presidential Hope  
Fund launch

**\$10M**  
generated

through property  
sale agreement
