

Dear Students & Faculty,

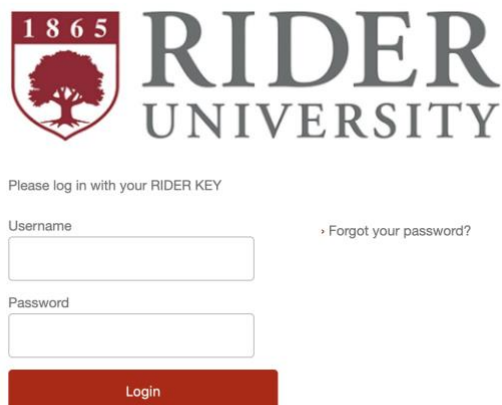

As a result of campus closure, student access to Adobe Creative Cloud in labs and classrooms is not available. Adobe has provided temporary at-home access for impacted students and faculty, so that they can continue their work remotely. Please follow the instructions below to enable access to Creative Cloud Desktop Apps on your personal device.

1. Visit <https://creativecloud.adobe.com> and enter **rider.edu** in the Email address field then click Continue.

**If you are already signed in a personal account, make sure you sign out before proceeding.*

2. You should now be redirected to a Rider login page where you will enter your RiderKey username and password then click Login.

3. From the Creative Cloud website, browse for and download your desired app.
Click **Apps** on the top of the page to view all apps.

For more information on how to download or install apps, see [Download and Install Creative Cloud apps](#).

For Higher Education students to continue developing skills, Adobe offers free “Daily Creative Challenges”. These are guided projects where participants receive creative prompts and connect with pros, mentors, and other students for feedback and support. Click on the app name to learn more: [Photoshop](#), [XD](#) and [Illustrator](#). Also, for inspiration and over-the-shoulder learning, watch pros share their creative process on Adobe Live daily at www.behance.net/adobelive.

For faculty seeking to engage students during campus closures, Adobe has curated resources to help them discover inspiring projects, best practices, and new ideas so they can continue to drive valuable learning in virtual environments. For more information on Adobe’s distance learning resources [please click here](#).

Regards,

Office of Information Technology

Please visit this [HelpX page](#) if you have questions.
