Rider University’s Official Student Handbook

Through student input and recommendations, we have developed a more compact, user-friendly publication that will serve as a resource guide for students. The purpose of this book is to provide each student with general responses to frequently asked questions as well as a listing of policies, procedures, people, and places that you might need during your stay at Rider. Keep in mind that all students are expected to know and follow Rider’s policies, so we suggest that you review them carefully.

Many departments from Rider’s campus have provided information for this resource guide. However, it would be impossible to answer all your questions, so we invite you to contact the departments and representatives directly. Or, for additional information, you may access Rider University’s Web page at www.rider.edu.

Student Governance

Student Government Association
The Student Government Association (SGA) serves as the governing body of the Rider University undergraduate students. The purpose of SGA is to create an effective liaison among students, faculty and administration and foster community development at Rider University. The three branches within SGA are Executive, Legislative and Judicial. SGA has three teams to administer its policies for campus issues and oversee its programs. These are the Organizational Affairs, University Affairs, and Alumni Affairs Teams.

SGA is comprised of three Subordinate Governments: Association of Commuting Students (ACS), Rider University Greek Council (RUGC) (with sub councils of the Inter-fraternity Council, the Intercultural Greek Council, and the Panhellenic Council) and Residence Hall Association (RHA) and three Subordinate Councils: Student Entertainment Council (SEC), Student Finance Board, and Club Sports Council (CSC). SGA recognizes the rights of its Subordinate Governments and Councils to create their own constitutions and by-laws and establish their own representation.

The Executive Branch
The President’s Cabinet consists of President, Vice President, Treasurer, Secretary, an Organizational Affairs Team Leader who oversees four committees (clubs and organizations, energy and sustainability, elections and recruitment, and student life), a University Affairs Team Leader who oversees four committees (campus beautification, intercampus relations, diversity, and spirit and traditions), and an Alumni Affairs Team Leader who oversees the class councils. The President’s Council consists of the full SGA Executive Board, the Presidents/Vice Presidents of the Subordinate Governments/Councils (Association of Commuting Students, Greek Council, Residence Hall Association, Student Entertainment Council, Club Sports Council, and Student Finance Board), and the Class Presidents. Both groups are recognized as the principal executive agency through which student projects, proposals and grievances are discussed, researched, and prepared and executed in conjunction with the faculty, administration and/or the Board of Trustees of the University.

The Legislative Branch
The Student Senate is the principal legislative agency through which students’ suggestions, grievances and proposals on campus-wide issues are acted upon through the passage of resolutions, rules, regulations, and appropriations. It will consist of 20 General Senators (five from each class year), 5 Senators-At-Large, 4 Class Presidents, 6 Residential Senators, 6 Commuter Senators, 6 Greek Senators, 1 SEC Representative, 8 Committee Chairs, 3 Team Leaders, and the SGA Executive Board.

The Student Senate has the power to enact various bills, create task forces, and is responsible for recognizing charters and constitutions of new and existing organizations, and to suspend organizations.
Other responsibilities and powers of the Student Senate are found in the SGA constitution and the SGA by-laws, located on www.rider.edu/student-life/activities-organizations/student-government-leadership. Constitutions of SGA and the subordinate governments can be obtained by any Rider University student. The constitutions are located in the Student Leadership Suite in the Bart Luedeke Center.

The Judicial Branch
The Office of Community Standards is responsible for the administration of the judicial process. The Community Standards Board hears matters involving social code violations, appeals from subordinate hearing authorities, constitutional questions of student organizations, etc. The Board members are trained members of the University Community who may sit as panels of three (typically two student members and one administrator member) to hear matters concerning violations of the code of conduct. Students who are selected to serve on the Board by the Office of Community Standards must then be confirmed by the Student Senate. The Student Board members are the judicial representation for SGA.

Subordinate Governments and Councils
Association of Commuting Students (ACS) is a subordinate government representing the interests of Rider’s commuting students. It is open to all undergraduate students who maintain their residence off campus. ACS plans activities and programs to enhance student life for commuter students.

Student Finance Board (SFB) is a democratic student member board that develops policies and procedures for allocating and monitoring the Student Activities Fee. The board consists of six elected student leaders who represent commuter, resident and Greek interests as well as two SGA appointed students, the SGA Treasurer and the SGA Secretary. The Student Finance Board selects a chair among themselves to serve as the convener of the weekly meetings. Clubs and organizations are eligible for yearly budgets which are determined each spring by the Student Finance Board. Student Activities Fee money is also available and decided by the Student Finance Board throughout the school year for conferences, spontaneous, and late night/weekend programming. Proposal and general meeting times are distributed at the beginning of each semester.

Rider University Greek Council (RUGC) is the governing organization for all of Rider’s social fraternities and sororities. These organizations are recognized nationally through the North-American Inter-fraternity Conference (NIC), the National Panhellenic Conference (NPC), the National Pan-Hellenic Council (NPHC), the National Association of Latino Fraternal Organizations (NALFO) and the National Minority Greek Council (NMGC). The RUGC works with the University to promote the interests of the individual chapters, formulate policies, plan events and activities, and promote a positive image and campus involvement.

Residence Hall Association (RHA) shall act as the community government for, and within, each residence hall. RHA will promote a healthy, clean, and safe environment where athletic, cultural, social, and intellectual development can occur for all students, regardless of race, sex, ethnicity, sexual orientation, physical or mental disability, national origin, religion or political affiliation. In doing so, the Residence Hall Association shall represent and advocate for the rights and wellbeing of all resident students, provide
RHA is composed of three different branches:

1. The first branch is the Executive Board which is composed of a President, Social Vice President, Senate Vice President, Secretary, two Chief Financial Officers, Secretary, Public Relations Chair, Treasurer, and other chair positions.

2. The second branch of RHA is the individual hall government which consists of a President, Social Vice President, Senators, Secretary, Public Relations Chair, Treasurer, and other chair positions.

3. The third branch is the residents in the residence halls. Each hall’s council, which is the official representative and decision-making body, has the responsibility to coordinate the programming activities of its hall. Each council informs the residents of all activities planned for the hall. For more information about RHA, please contact your Residence Director (RD) or Resident Advisor (RA).

Student Entertainment Council (SEC) activities are open to all full-time students enrolled at Rider. This organization runs more than 200 programs a year including concerts, movies and special interest months. Any student who wants to become involved in SEC programs (concerts, lectures, multicultural programs, daytime programs, trips, etc.) should contact the SEC office (Bart Luedeke Center 131, 609-896-5332). Interviews are held each spring for executive positions available within SEC. Student Entertainment Council executive meetings are held weekly in the Bart Luedeke Center. Times and days are posted in advance.

Club Sports Council (CSC) provides leadership, support, direction, and equal representation for every Club Sports team at Rider University. The council serves as a vehicle of communication and collaboration for all Club Sports teams among each other as well as the SGA.

## Student Organizations, Clubs and Activities

### Recognized Student Organizations

A wide variety of special interest organizations and activities are available at Rider on topics related to academic interests, sports, cultural groups, arts, lifestyles, and community service, among others. Recognized student organizations may be entitled to funding from the Student Government Association and are the only student groups permitted to schedule and utilize University facilities. Student Government recognition is based, in part, upon the existence of a written constitution and student membership guidelines that are in compliance with University, state and/or federal policies. Club recognition packets are available in the Student Affairs Suite.

All recognized clubs, organizations, fraternities and sororities must abide by all University policies and its code of conduct as well as New Jersey State and Federal Laws. Recognized clubs, organizations, fraternities and sororities found in violation of the University’s alcohol or hazing policies may face withdrawal of recognition by the University.

### Non-Recognized Student Organizations

Any student who, as a member of an organization not recognized by the University, violates University, state and/or federal policies may be subject to sanctioning under the Code of Social Conduct. Furthermore, any student who solicits or recruits individuals to join or
actively participate in a non-recognized organization with the knowledge or purpose that those individuals will violate University, state and/or federal policies may be subject to sanctioning under the Code of Social Conduct.

Student Housing

Residence Life Office
Lawrenceville Campus, Bart Luedeke Center, Student Affairs Suite 609-896-5102

Westminster Choir College 609-921-7100 ext. 8264

Residence Facilities, Lawrenceville Campus
Thirteen residence halls and six Greek houses make up the residence facilities and accommodate between 50 and 270 students each. Most of the halls are clustered on the northeast edge of the campus enclosing a quadrangle of paths and lawns. Four residence halls (Lake House, Ridge House, Centennial House and Poyda) as well as the fraternities and sororities are situated around the lake at the other end of the campus. Both female single sex and co-educational housing are available.
Each of the residence halls has an office where students receive mail and one or more lounge facilities that have study, recreation, kitchens and TV areas.

The special housing options in Rider’s Lawrenceville campus residence halls include freshman experience, wellness, international and undeclared major interest floors.

In each residence hall and Greek House, there are undergraduate Resident Advisors/House Managers and a graduate student or full-time Residence Director or House Director. Student staff members are carefully selected and are responsible for peer counseling, programming and the overall operations of the various living units. They work in conjunction with the Residence Hall Association in enforcing living units rules and regulations and in generating academic and social programs. The student staff act as the liaison between the students and the Residence Life Office implementing and enforcing regulations and policies affecting residence halls, their use and their maintenance.

In addition to the selection, training and supervision of the residence staff, the professional staff make room assignments, participate in the renovation of campus living units and work closely with the Residence Hall Association. They also work with the custodial and facilities staff of the University to keep the facilities in the best possible condition. In addition, professional staff assist resident students in resolving difficulties with roommates or with hall facilities, both directly and through student staff members.

Requests to live off-campus, to change rooms or to obtain a single room should be addressed to the Residence Life Office.

**Greek Life**

Office of Greek Life, Bart Luedeke Center, Student Affairs Suite 609-896-5235

Fraternities and sororities have long been a tradition at Rider University. Presently, close to 10 percent of the undergraduate population is in a social fraternity or sorority. The Greek community at Rider University consists of four national fraternities and seven national sororities. The governing body of the Greek community is the Rider University Greek Council (RUGC).

The Office of Greek Life believes in the benefits of fraternities and sororities and promotes a positive environment for these organizations to assist in the development of men’s and women’s intellect, values, leadership, relationships and citizenship. The office provides programs and services that enhance the academic experience, promote responsibility, teach transferable skills and provide direction for each Greek organization in order to assist those groups to achieve high standards in all that they do. Expansion, recognition, regulation, discipline, resources and guidance of the Greek community and member organizations are provided through the Office of Greek Life.

Additionally, the Office of Greek Life has established minimum standards for all chapters to abide by through an annual assessment process. For details and further information about the policies and regulations for fraternities and sororities, contact the Director of Greek Life.
As organizations or corporations, fraternities and sororities are expected to follow federal, state, University and local rules, regulations and policies that are applicable to such groups. Fraternities and sororities are also expected to comply with the policies and rules of their respective national organizations. Furthermore, fraternities and sororities and their national organizations are responsible and will be held accountable for the actions of their members and violations of these standards of care when the behavior is related to fraternity and sorority life.

All fraternities and sororities are required by the University to provide a Certificate of Insurance evidencing the following:

- General Liability insurance for bodily injury and property damage with a minimum of $1,000,000 in Combined Single Limit per occurrence and $2,000,000 general aggregate per location.
- The General Liability insurance must include Host Liquor Liability.
- The General Liability insurance policy must name “Rider University” as an additional insured and the certificate must state that the insurance coverage is primary over other collectible insurance.

All certificates of insurance must have a thirty (30) days’ notice of any change or cancellation of the policy terms. Any such notice should be mailed to the Office of Greek Life at 2083 Lawrenceville Road, Lawrenceville, NJ 08648. Certificates can also be emailed to the office via greeklife@rider.edu.

In addition, if a particular policy is due for renewal during the academic year, an updated Certificate of Insurance should be provided no later than fourteen (14) days prior to the expiration date of the existing policy.

The University shall have no obligation to enforce the policies and rules of a national Greek organization; the national Greek organization is responsible for the supervision of its chapters and the enforcement of its policies and rules.

For a full list of fraternity and sorority policies and guidelines, please contact the Office of Greek Life or visit www.rider.edu/greeklife.

**Greek Recruitment and New Member Education**

In order for an individual to join a fraternity or sorority, he or she must be at least a second-semester freshman or a transfer with a minimum of 12 completed Rider University credits and a 2.5 cumulative GPA. The Office of Greek Life encourages year-round recruitment for all individuals who meet these minimum requirements and assists chapters by monitoring compliance with this policy.

**Rider University Show Cause Hearing**

On occasion, the Dean of Students, Associate Vice President of Student Affairs or his or her designee may consider that grounds exist to terminate the University’s relationship with a Greek organization. In such instances, the local organization’s national chapter and advisors will be notified, along with the student members, of the cessation of that relationship, along with a revoking of University recognition of the organization on campus.
However, the Dean of Students may also determine that the organization must present itself before a “Show Cause Hearing.” Such hearings are before a panel of University administrators, selected by the Dean of Students. The format of the hearing will consist of a dialogue about any pending allegations, if they exist, as well as why the University should not extinguish the relationship.

The hearing is an opportunity for the organization to present itself in a broad fashion in an effort to make one last demonstration of its positive impact on the University community, and to demonstrate that grounds may still exist for the University to consider extending the relationship between University and organization.

At the conclusion of the hearing, the Dean of Students, along with the panel, will consider the information presented during the hearing. A decision will be made and both the student organization and national organization will be notified.

**Greek Programs and Activities**
At Rider, the Greek community participates in a variety of service activities, intramural events, community education, leadership development programs and social activities. Traditional activities include Greek Week, the Greek Lecture Series, New Member Synergy, formal recruitment, state and regional leadership conferences, as well as involvement in all campus-wide activities and events. Annual information sessions and workshops are held for prospective, new and initiated members to review policies, build skills, and enhance awareness on matters related to risk management topics such as hazing, alcohol use and abuse, leadership development and a variety of other topics. Additionally, the Office of Greek Life has established minimum standards for all chapters to abide by through an annual assessment process. For more details and further information about the policies and regulations for fraternities and sororities, contact the Office of Greek Life or visit [www.rider.edu/greeklife](http://www.rider.edu/greeklife).

**Greek Housing**
Rider University does not recognize any fraternity or sorority that maintains an official off-campus residential house. Several houses have been designated specifically for members of these organizations and are located on Sorority and Fraternity Rows, near Centennial Lake. Each house has a full-time live-in house director and a house manager. Both act as liaisons between the residence facility and the Office of Greek Life.

These special group living units provide students with the unique opportunity to balance extra freedoms with added responsibilities. This housing privilege is bestowed either by a designated floor or within an entire freestanding house. The regulation of these facilities is a combination of the University’s residence hall regulations and the Greek Living Unit Policy.

Each chapter with housing is required to meet specific minimum occupancy levels and other regulations. For this reason, each student who joins a fraternity or sorority with housing is required to live in the house when there is room.

Information concerning Rider’s Greek community and housing can be obtained in the Office of Greek Life, Bart Luedeke Center, Student Affairs Suite. More information, including a complete listing of all Greek organizations on campus, can be obtained from the Office of Greek Life, or on the Rider Website ([www.rider.edu/greeklife](http://www.rider.edu/greeklife)).
Residence Policies

Only students who are registered for a full-time course load (at least 12 credits) may reside in on-campus housing. The assignment or reassignment of rooms and assignment or reassignment of roommates is an administrative decision to be made by the University in its discretion.

Housing Agreement

All housing agreements are made for the academic year unless specific exceptions exist, such as, Study Abroad and student teaching experiences. Resident students who have evidenced or experienced problems in the residences may be required to leave campus housing before the period of agreement is complete. Any action taken by the Associate Dean for Residential Programs in altering or terminating a student’s residency is exclusive of any disciplinary consequences imposed through the University judicial process.

Room Selection

Students are advised that their judicial history may impact their ability to participate in certain portions of room selection. Students will be notified via email regarding any judicial restrictions prior to premium group formation. Please visit www.rider.edu/student-life/housing-and-dining/policies-guidelines/room-selection-lottery-qa for the most up-to-date information regarding premium housing judicial restrictions.

Room Assignment and Board Requirement

The University reserves the right to accept, reject, cancel or change any room reservation. Room reservations may not be held after 5 p.m. of the official opening date unless the Residence Life Office is notified in advance. If the residences are filled to the projected normal capacity, the University may assign students to extended housing including but not limited to triples, quads, converted lounges, fraternity/sorority houses and other extended housing as needed. All students who live in a residence hall are required to take meals in the University dining hall. Rider University housing is reserved for single, full-time undergraduates.

WCC Students Only – All full-time first and second year undergraduate students who do not live within a twenty mile radius of the campus with their family or spouse must reside on campus. All first and second year Westminster students are required to live in housing on the Princeton campus. Undergraduate transfer students who do not live within a twenty mile radius of the campus with their family or spouse must reside on campus. All transfer Westminster students are required to live in housing on the Princeton campus for one year. Failure to meet this requirement will result in the student being charged the full room and board that is applicable at the time.

Payment

All persons signing this agreement are responsible for payment of all the following charges:

Room deposit: For returning students, a room deposit in the amount of $200 is required by March 1 and will be applied to the fall semester charges and fees.
For new students who wish to reside in campus housing, a combined tuition and housing deposit in the amount of $400 is due by May 1. The deposits will be applied toward the fall semester charges and fees. The room and board charges must be paid by August 1 for the fall semester and by January 1 for the spring semester.

Occupancy Charge – The charge for room and board on campus is based upon a schedule of charges. The charge will vary according to the type of accommodation assigned and may change if the room assignment changes.

Cancellation – Housing contracts are issued for a full academic year. When you sign your agreement to live in campus housing, you are committing to the terms of that agreement, including length of agreement and room rate. When you move out early, you are breaking the terms of the agreement.

Cancellation Requests – Students wishing to cancel housing who have started the online housing application must complete the cancel application step on the online housing portal.

Students wishing to cancel housing who have made a housing deposit but have not started the online housing application must complete the Off-Campus Housing form which can be found on the Residence Life website.

Room Deposit – The room deposit is non-refundable. The amount of the room deposit is applied toward the student’s account for the semester that the student is applying for housing.

Cancellation Fees – Once a student has entered into a Housing Agreement, a cancellation of that agreement by the student is a breach of that Agreement by the student with a resulting loss to Rider. The amount of Rider’s damages from any such breach is difficult to calculate because of the large number of rooms available for student occupancy. The fees and charges referred to herein, payable for cancellation, are agreed upon to be the applicable damages to Rider for the breach.

1. Students who have received a housing assignment; who request release from housing between the beginning of Room Selection and May 31 will be assessed a $200 Housing Cancellation fee.
2. Students who have received a housing assignment; who request release from housing on or after June 1 for the fall semester and November 1 for the spring semester will be assessed a $700 Housing Cancellation fee.
3. Students who have received a housing assignment; who request release from housing on or after July 1 for the fall semester and December 1 for the spring semester will be assessed a $950 Housing Cancellation fee.

Students who have received a housing assignment; who request release from housing after the semester has started will be subject to the following refund schedule:

The first day of classes to the end of the first week of classes – 80 percent of room and board charges; during the second week of classes – 60 percent; during the third week of classes – 40 percent. There is no refund after the third week of classes.
Refunds and Adjustments
All adjustments are based upon the official withdrawal date and will be calculated from the scheduled opening date of classes. In some cases, Federal Financial Aid refund policies may supersede University policy. All students must officially check out of the residence halls within 24 hours after completing withdrawal procedures.

Study Abroad
If you are studying abroad through Rider University, you can suspend your housing for the semester you will be studying abroad without penalty. You will need to notify Residence Life in writing with verification from the Center for International Education stating that you are studying abroad.

December Graduates
December Graduates who complete a proper check-out by the end of the fall semester will not be penalized for canceling the year-long housing contract.

Improper Check-In/Out
A $100 charge is assessed for moving in prior to the published check-in date; $25 for improper check-out.

Summer
Summer housing information is available in April. Students who wish to reside on campus during the summer while attending summer school are required to request housing via the online housing portal.

Single Rooms
A very limited number of single rooms are available on campus. Single room priority is based upon medical need, lottery number, and the date upon which the deposit is paid and the application is received.

Board Policy
All residence hall students, except those residing in apartments or fraternal living units with kitchen facilities, are required to have their meals in the University dining hall. All resident students living in fraternity or sorority houses with food service are required to have their meals in their respective living units. Students with religious or dietary food restrictions should contact the Food Service Director (LAW 609-896-5266 or WCC 609-896-5000, ext. 8233). Student teachers who remain in residence while participating in the student teaching program may request a board exception. In order to receive a board exception, prospective student teachers must contact the Residence Life Office prior to the semester they student teach. In cases of student withdrawals, board adjustments will be made in accordance with the University refund policy.

Identification Cards
All regularly enrolled students will receive an identification card from the Campus Card Administrator. This card, referred to as the Rider ID card, will serve as admission or identification required in the dining hall, library, health center, at athletic events or other designated events and must be used when checks are used at the University Store. It must be carried at all times and shown at the request of authorized personnel.
The ID card is considered official ONLY when it is electronically validated for the current term. ID cards are not transferable at any time. Giving fraudulent information or lending this card to anyone subjects the holder to disciplinary action. The ID card must be surrendered to the Dean of Students Office upon withdrawal from the University. The first time replacement charge for a lost card is $30. For each card after that, the cost is $50. When a student turns 21, his or her card will be replaced with a card noting the student is 21. There is no charge for this ID if the old card is returned.

Room Keys
Students are required to carry their room key and Bronc ID at all times and should not loan or duplicate their room key. If a student is locked out, he or she should contact a Residence Life staff member to gain entry. There is a $30 lock-out fee after the fourth lock-out, and a $50 fee for each lock-out thereafter per year. If a student loses a residence hall key(s) or neglects to turn in a residence hall key(s) upon vacancy of a room, a $100 charge will be assessed to the student’s University account. Students who continue to violate the ID and key policy may be charged with a violation of the social code of conduct.

Meal Plans and Bronc Bucks
Prior to each semester, students may change their residential meal plan by contacting the Residence Life Office. No changes to the meal plan will be allowed once the semester begins. The residential meal plan is provided only when school is in session. The University is not responsible for providing meals during the times when the residence halls are open but the University is not in session (e.g., Thanksgiving break, winter break and spring break).

Each semester, students on the residential meal plans are allotted between $175 and $375 in Bronc Bucks, depending on the meal plan selected. These funds can be used in Cranberry’s, Starbucks, Andrew J’s, the Sweigart Express, as well as to bring guests into Daly Dining Hall and the WCC Dining Commons. Bronc Bucks included in residential meal plans carry over from fall to spring semester. Any unused Bronc Bucks expire at the end of Summer Session II (SSII).

Commuter block meal plans or Bronc Bucks may be purchased by making payment online or at the cashier’s window. Block plans and Bronc Bucks purchased are non-refundable. Block plans can be used throughout the school year until the end of SSII. Any remaining meals not used prior to the end of SSII will be forfeited. Bronc Bucks added will stay in the account for as long as the student is enrolled at the University. When you leave the University, any remaining Bronc Bucks will be forfeited.

Students may view meal and Bronc Buck balances by signing up for a Manage My ID account at https://rider.managemyid.com/student/login.php.

If a student needs to remain in on-campus housing during breaks (e.g., Winter Break, Spring Break), the student must make a formal request by submitting a break housing application to Residence Life. Students will be responsible for their own meals during breaks. In an effort to provide additional residence hall security during break periods the consumption of alcohol is not permitted, regardless of age. The campus is dry during all break periods. All other social code regulations remain in effect during breaks.

Residents of floors or wings are billed for their individual share of the damage total, with a minimum billing charge of $5.

F. Guests

1. For the purposes of this policy, guests can be defined in two ways. The term “guest” refers to any non-student, faculty or staff member, or anyone not affiliated with Rider University. The University reserves the right to deny access to any “guest.”

   a. The term “guest” may also refer to any student (commuter or resident) who, as Rider student assumes responsibility in his or her living space (i.e., if a Rider student has other Rider students as guests in his/her living space and those students violate university policy, then the Rider host may be responsible for the actions of those guests even though they are also Rider students).

2. Residents should host no more than three (3) guests per occupant. Residents wishing to host a guest(s) for longer than two nights within a seven-day period or request to host more than three guests must request the permission of the Director of Housing Operations or his/her designee.

3. Residents are not allowed to have unauthorized persons staying in their residence hall room on a continuous basis. Cohabitation, regardless of gender, is not permitted. This includes Rider commuter/resident students and other guests.

4. Residents are not permitted to host overnight guest/guests in their residence hall room for a period of longer than two nights in a seven-day period.

5. Residents wishing to host a guest/guests for longer than two nights within a seven-day period must request the permission of the Director of Housing Operations or his/her designee.

6. No student may have guest/guests, in the room over the objection of his/her roommate(s), suite-mates or floor mates.

7. All overnight guests must be registered with the Resident Advisor or House Manager on duty by 11 p.m. on the evening of the scheduled visit. Upon presentation of a valid photo ID, the RA/HM will issue a guest pass to all overnight guests. Registered guests are required to carry this guest pass with them at all times.

8. For security reasons, residents who receive special permission to stay in the residence halls after closing (e.g., Thanksgiving break, Spring Break) may not have guests.

9. Residents are required to escort their non-Rider guests at all times during their visit.
10. Residents are responsible for the actions of their guests at all times and are subject to disciplinary actions if their guests violate University policies. It is the responsibility of each resident to make known all rules and regulations to his/her guests. Residents are also responsible for the actions of their guests in their living spaces.

11. Failure to abide by the guest/guests policy can result in loss of guest/guests privileges and/or other judicial action. Consequences may range from levels three to five. However, if a guest violates a policy at a level one or two, then the Rider host may face the consequences of the violation at that level.

G. Consolidation

When a vacancy exists in a double room, students have the following options:

1. Find a roommate or be assigned one by the office.
2. Relocate to another room with a vacancy.
3. Pay for the double room as a single.

With Career Counselors in each college, we strongly encourage students to pursue internships and professional development opportunities as early as possible. Freshmen and sophomores should be actively involved in their career planning activities from the start of their career at Rider. An early start prepares you for internship and co-op opportunities as a junior and makes you more competitive for the job market as a senior.

The Web page www.rider.edu/careerservices offers easy access to on-campus job information, internships, co-ops, post-graduate employment and many informative workshops. We offer an easy to use online job posting system called the “Broncs Career Link” where you can post your resume and view/apply for part-time jobs, internships and co-ops, as well as full-time post-graduation employment. When selected to interview, you can even use the Broncs Career Link to schedule your on-campus interview. From the Broncs Career Link students can also complete computer-based career assessments and explore international opportunities.

The office offers “The Career Services Personal and Professional Development Core Workshops,” a series of free workshops open to all majors from all class years that cover all aspects of students’ personal professional development. From general job search strategies to specific topics like resumes, cover letters, LinkedIn profiles, and interview skills, these workshops will help students become well prepared to successfully transition to the next level upon graduation. For students pursuing Graduate School, The office gives guidance and information on graduate study, standardized test preparation and fellowship opportunities.

In addition to workshops and online tools, we also host several career fairs in the fall and spring, conduct career related presentations for residence halls and student clubs and organizations.

Administrative Services
Withdrawing from the University

A student withdrawing from the University is required to submit the withdrawal in writing through the use of the official withdrawal form obtained in the Office of Dean of Students, Bart Luedeke Center, Student Affairs Suite, 609-896-5101. All debts to the University must be paid in full. The student will also surrender his/her Rider ID card at the time of withdrawal.

Students excused from the on-site enrollment clearance process at the beginning of any semester or other school period are reminded that they are considered to be in attendance if they have not withdrawn in the manner prescribed above by the date classes actually begin.

Failure to comply with these requirements may preclude any further enrollment.

An unapproved withdrawal results in an “F” (failure) in all scheduled courses. (See the University calendar for specific withdrawal dates.)

Obtaining a Military Leave of Absence

A student withdrawing to fulfill a military obligation may apply to the Office of the Dean of Students for a military leave of absence. The application for the leave of absence should be made prior to leaving the University. Written documentation is required from the appropriate military service. Leaves for military service will automatically be renewed annually so long as the individual remains in the service for up to four years. When a student is granted a military leave of absence, academic status will generally be the same upon return as it was at the time of departure. In other words, the student may elect to graduate by meeting the curriculum requirements from the catalog from his or her original date of entry.

Obtaining a Medical Withdrawal from the University

Students requesting a withdrawal for medical reasons must request the withdrawal from the Dean of Students and provide appropriate medical documentation prior to granting of the withdrawal. Refunds, if warranted, will be processed according to University policies and Federal Regulation regarding Title IV funds.

Student Records

Aside from academic records which are kept by the registrar and the dean’s office of each college, all official records of Rider University pertaining to students are kept in files maintained by the Office of the Dean of Students. These folders include, but are not limited to, student information forms, housing contracts, disciplinary actions and official correspondence. Students who want to inspect and review their records may make an appointment with the Dean of Students or his/her designee, Bart Luedeke Center, Student Affairs Suite, on the Lawrenceville campus or the Associate Dean of Students, or his/her designee, Scheide Student Center, on the Princeton campus. Students who believe that the official records contain factual inaccuracies that have not been modified through normal channels, may apply to the Dean of Students to have the
inaccuracy corrected in the records. If the matter is not satisfactorily resolved by the Dean of Students, the student may apply for a hearing before the University Appeals Council. Copies of information contained in a student’s own file may be requested, in writing, and will generally be released only if failure to do so would effectively prevent a student from reviewing his/her records.

**Record Retention Policy**

In order to ensure compliance with the Clery Act, non-academic records of students, including but not limited to, campus housing information, financial records, disciplinary records, Public Safety records, and application materials will be maintained for seven (7) years after the date of last attendance. Records may be kept longer at the sole discretion of the University.

**Access to Student Records**

Access to student records may be accorded to University personnel with a legitimate educational interest in the records. An educational interest is legitimate if it exists for the educational benefit of the student. University personnel includes, but is not limited to, senior level administrators, deans, faculty directors, clerical staff, Residence Life staff, Public Safety and contracted personnel of the University.

Information may be released to other agencies and individuals according to these policies in compliance with the Family Education Rights and Privacy Act (FERPA) of 1974 (as amended):

1. The University may release the following information without written permission from the student: fact of enrollment status, dates of enrollment, degree candidacy, degree awarded and major field.

2. The University may release the following information unless the student requests in writing by the end of the second week of classes each semester that the information not be released: name, email, home and local address, home and local telephone number, participation on athletic teams and organizations, dates of attendance, and honors and awards received.

No other information concerning an individual will be released without the written permission of that person, except in those circumstances specifically outlined in FERPA as not requiring written consent such as: matters of emergency; to the parents of dependent children as defined by the IRS; complying with legal orders, etc. FERPA also requires that a record be kept of certain information that may be released without a student’s consent.

A student may request to view this record by making an appointment with the Dean of Students or his/her designee.

Each student is given the opportunity to decide whether or not his or her name will be included in the University directory, which will be accessible at the Bart Luedeke Center Information Desk. Students should be aware that exclusion from this directory also excludes organizations on and off campus from notifying students of information that may be of interest to them. Students should contact the Dean of Students to request exclusion from this directory.

Students having a complaint or questions regarding FERPA may write to: Family Education Rights and Privacy Act Office (FERPA), U.S. Department of Education, Room 4512, Switzer Building, Washington, DC 20202.

Additionally, in the case of semester bills and registration, one may also be held responsible for late fees and/or penalties.

Social Conduct Policy Statements

Freedom of Movement, Speech and University Activities
No disruption of the normal operation of the University will be permitted by any individual or group. Disciplinary action will be taken in the event of any attempt at disruption of the University operation, or in the event of any damage to University property or private property through individual or group protest.

Respect for Others
Respect for the dignity and rights of the individual is expected of all persons. Any Rider student who discriminates against any other community member for reasons of race, color, creed, sexual orientation, age, marital status or national origin shall be subject to disciplinary action.

Code of Social Conduct

Preamble
As an academic community, Rider University is committed to providing an environment in which living and learning can occur. An academic community in which students, faculty administrators, and staff come together in voluntary association differs from other communities. In order to function effectively and to provide a climate in which all members can fulfill their personal and community obligations, guidelines for defining rights and responsibilities within that community must be articulated.

The code that follows attempts to do that by allowing each student the greatest possible freedom consistent with the community’s welfare. Violations of the standards of social conduct as defined in these regulations will be adjudicated by the appropriate hearing authority. Enforcement of the Code of Conduct is overseen by the Office of Community Standards, located in the Bart Luedeke Center, Student Affairs Suite, 609-896-5292.

Jurisdiction of the Student Code of Social Conduct
The Student Code of Conduct may apply to any student conduct that occurs on University premises and at University sponsored activities, and also off-campus conduct that adversely affects the University Community or the pursuit of its objectives, including, but not limited to, any off-campus conduct that constitutes a violation of any law or municipal ordinance or any off-campus conduct that poses a threat to the health, safety or welfare of any members of the University Community or any residents of the neighboring communities. Each student shall be responsible for his or her conduct from the time of acceptance for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment (and even if the conduct is not discovered until after a degree is awarded). The Student Code of Conduct shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending. The Director shall decide whether the Student Code of Conduct shall be applied to conduct off campus, on a case by case basis, in his or her sole discretion on behalf of the University.
**General Statements**

1. The use of drugs or alcoholic beverages shall not in any way create a justification or limit the responsibility of the individual for the consequences of his or her actions.

2. If a person aids in the commission of a violation, or assents to the violation through direct or indirect action, including but not limited to being present while a policy violation occurs, that person may be held responsible as an accomplice. If the matter goes to a hearing, the degree of culpability of an accomplice will be determined by the Community Standards Board. All parties present assume full responsibility for adherence to University regulations.

3. The existence of a prior disciplinary record may impact the outcome of a disciplinary hearing by causing the level of consequence to be elevated from that typically invoked for first violations.

4. If alleged student misconduct currently under review by the University is also the subject of public litigation, the University is not required to hold its proceedings in abeyance or to bind such proceedings to a verdict rendered in public court. In the event of a student’s criminal conviction, any and all University sanctions (including interim suspension) may be applied.

5. The standard to be applied in determining responsibility for an alleged violation is whether it is “more likely than not” that the student is responsible. A higher standard of “clear and convincing” will be used when the University is recommending expulsion.

6. The ultimate interpretation and application of regulations shall be at the discretion of the appropriate hearing authority.

7. The University has the right to hold students responsible for the actions of their guests.

8. Students who lose housing, become suspended from the University, or become permanently expelled from the University as a result of any violation of the Code of Social Conduct will not be entitled to a monetary refund. In addition, a student with a history of Code of Social Conduct violations may be prevented from participating in Premium Housing Room Selection.

Recognizing that there are times when members of the community find themselves in positions where medical assistance is needed to ensure the proper care of an intoxicated person, the University has established this Good Samaritan Policy.

Members of Rider’s community have an obligation to contact the Department of Public Safety or a Residence Life staff member when they believe an intoxicated person may be in need of assistance. No intoxicated community member seeking and/or receiving assistance for themselves or others will be subject to sanctions by the University under Rider’s Alcohol Policy. Intoxicated individuals seeking and/or receiving assistance will be required to complete educational or counseling initiatives which are intervention and prevention based and will be subject to action under the Code of Conduct for failure to complete those initiatives. This policy does not preclude other appropriate authorities from taking action for violations which may be associated with the illegal possession or consumption of alcoholic beverages, or the University from taking action for violations associated with vandalism, theft, physical assault, sexual assault, hazing or other policy violations. Furthermore, community members who demonstrate a consistent and repeated pattern of behavior, after appropriate intervention and education have been provided, will not be considered under this policy. Repeated incidents will require alcohol consultation and may necessitate the imposition of involuntary medical withdrawal from the University.

- Unconscious or semiconscious
- Presents shallow or irregular breathing

Violation Levels and Consequences

Any Rider University student who engages in any act or conduct proscribed in the Code of Social Conduct as set forth in this publication and/or any social regulation adopted by a student legislative body may, upon finding of responsibility by the appropriate hearing authority, be subject to one or more of the following consequences.

Violation Levels

For every allegation of misconduct, with the exception of the Alcohol Policy, which has its own sanctioning guidelines, the University assigns a corresponding level of violation. Levels, ranging from 1 (most serious) to 5 (least serious), indicate the alleged seriousness of a violation. Levels also dictate consequences that may be imposed if a student is found responsible for misconduct. The hearing authority ultimately determines a level of responsibility. A student may be charged at one level by the Community Standards administrator and the standards board or other hearing authority may find responsibility at a different level. Hearings are intended to allow a student to dispute the level of violation in addition to responsibility. Mitigating factors shall be taken into account by all hearing authorities, along with all relevant circumstances, in determining the appropriate consequence(s) to be assigned at that level.

Level 1

a. The student may be expelled from the University indefinitely and possibly permanently. Expulsion may be immediate if warranted.

b. Or, the student must be dismissed for a minimum of one year. Dismissal may be immediate if warranted.

c. As with any other separation from the University, students wishing to return to Rider must re-apply for admission to the Dean of Students. Students found responsible at this level are not entitled to a refund of tuition or housing costs.

Level 2

a. The student may be dismissed from the University for a period not to exceed one year.
b. If the option in “a” above is not warranted, then the hearing authority must remove the student from residency on campus and impose restrictions on that student’s access to campus areas. In the case of a commuter, the student shall be restricted from entry into non-academic buildings.

c. As with any other separation from the University, suspended students wishing to return to Rider must re-apply for admission to the Dean of Students. In the case of removal from residency, students must apply for housing to the director of residence life. Students found responsible at this level are not entitled to a refund of tuition or housing costs.

d. The student may be put on disciplinary probation for a specific time period. The hearing authority may impose any other consequence(s), other than dismissal, which it considers applicable including but not limited to, delay of diploma, non-attendance at commencement ceremonies, disallowance from entry to campus buildings or areas, loss of group recognition, recommended loss of Greek charter, personal counseling, community restitution, financial restitution, assigned tasks, etc.

e. In every case at this level, except when dismissal is mandated, a fine of not less than $75 but not greater than $200 must be imposed. The fine may be per person when appropriate.

**Level 3**

a. The student’s residency status may be terminated or altered, and he/she may be restricted from areas on campus. A commuter student may be restricted from some campus buildings or areas. In the case of removal from residency, the student(s) must apply for housing to the director of residence life. In the case of a commuter student, he/she shall be restricted from non-academic areas and unable to attend campus-wide events.

b. Students found responsible at this level are not entitled to a refund of housing costs.

c. In addition to option “a” a student may be put on disciplinary probation for a period of time.

d. If the options in “a” and “b” above are not warranted, then the hearing authority shall impose a consequence of community restitution hours, or social restrictions for a specified time, during which certain privileges may be revoked including, but not limited to, ability to participate in extracurricular activities, ability to attend or sponsor events such as intramurals or Greek Week, ability to use campus facilities, etc. It may also impose any other consequence(s) which it considers applicable including, but not limited to, non-attendance at commencement ceremonies, assigned tasks, participation in counseling, etc.

**Note:** A violation of the Alcohol Policy at this level requires participation in the Alcohol Education Program.

e. In every case, at this level a fine of not less than $30 but not greater than $100 must be imposed. The fine may be per person when appropriate.

**Level 4**

a. The student may have social restrictions imposed for a specified period during which certain privileges may be revoked which include, but are not limited to, participation in intramurals, Greek Week, or other social events, ability to visit other buildings or use certain facilities, etc.
b. If the options in “a” above are not warranted, then the hearing authority must include a warning to the student regarding future violations. It may also impose any other consequence(s), excluding those in “a” above, which it considers applicable, including, but not limited to, restitution, assigned tasks, community restitution hours, participation in counseling.

**Note:** A violation of the Alcohol Policy at this level requires participation in the Alcohol Education Program.

c. In every case at this level, a fine of not less than $20 but not greater than $50 must be imposed. The fine may be per person when appropriate.

**Level 5**

a. The hearing authority must impose a consequence of a general warning in the student’s file. It may also impose any other consequence(s) which it considers applicable, including but not limited to, community or financial restitution, assigned tasks, participation in the Alcohol Education Program, etc.

b. In every case at this level a fine not greater than $25 must be imposed. The fine may be per person when appropriate.

**Note:** A student’s disciplinary history may cause the University to set a subsequent violation by that student at a level higher than if there were no prior adjudications. The hearing authority is directed not to surmise that the student involved has a disciplinary history, but is directed to decide the student’s responsibility solely on the merits of the case. A decision not based upon the evidence may be appealed by any party involved in the hearing, and may subject the officer or panel to disciplinary action by the Office of Community Standards. However, if the student is found responsible for misconduct, full disclosure of disciplinary history is then presented to the hearing authority and may impact a decision regarding consequences.

**Consequences**

a. **Expulsion** – Permanent termination of student status.

b. **Suspension** – Temporary separation of student from University. Such action may be deemed appropriate as a consequence for more serious or repetitious violations of campus regulations. Dismissal shall not be construed as a permanent separation from the community and conditions of readmission (if any are ordered) shall be stated in the hearing authority’s decision. Students dismissed for violations of University policy are considered eligible for readmission to the University, and must apply for readmission through the Dean of Students Office prior to their anticipated return date.

c. **Removal from Residence** – Requirement that the housing contract of the individual with the University be voided and that the individual be removed from the residence halls within five days of the date of the hearing.

**Note:** Removal from residency may occur at the discretion of the director of residence life, consistent with the University Housing agreement, for failure to comply with all applicable rules and regulations of the University exclusive of any community standards process.

d. **Alteration of Residence Status** – Requirement that the residence location of the student be changed by the Residence Life Office within five days of the date of the hearing.
University Policies

e. **Disciplinary Probation** – Time period during which any future violations will likely result in either removal from residency or suspension from the University depending on the offense and the student’s community standards history.

f. **Social Restrictions** – Restrictions from specific privilege(s), extracurricular activities, campus event(s), contact with person or organization, etc.

g. **Campus Restrictions** – Restrictions from being present in campus buildings or areas.

h. **Community Restitution** – Activities or actions designed to return to the community a portion of the goodwill that was taken away by the commission of the violation. Service to the community should be designed to better the social and/or physical environment of the University and its surrounding community.

i. **Financial Restitution** – Reimbursement for damage to or misappropriation of property. Restitution may take the form of appropriate services to compensate for damages.

j. **Fines** – Monetary amounts imposed within the limits defined.
   
   **Note:** Due to historical precedent at WCC, this consequence for Westminster students shall be at the discretion of the hearing authority.

k. **Referral to Appropriate Counseling Services.**

l. **Administrative Directive** – A statement, written, oral, or as part of a University policy, from an administrator of the University to be complied with by student(s). May require refraining from conduct or completing an act.

m. **Alcohol Education Program** – Includes alcohol education class, an online program, and other educational activities to be determined by the counseling center.

n. **Warning** – Notice to the student, in writing, that continuation or repetition of the conduct found wrongful within a period of time as stated in the warning, may be cause for more severe disciplinary action.

o. **Other consequences as warranted.**

**The Community Standards Review Process**

The primary purpose for the existence of a campus community standards system is to deal with violations of the University’s regulations and policies. It is not designed to reflect or duplicate the public court procedure which handles questions of criminal and civil law.

The guiding philosophy of the Office of Community Standards is education and behavior modification of students while simultaneously preserving the integrity, health and safety of other community members. To achieve these goals with fairness and expediency, certain basic rights have been established as part of the hearing procedure. For a complete description of the Standards Review Process, contact the Office of Community Standards, 896-5292, or see the Rider Website.
Rights of Participants

1. **Interim Suspension** – When immediate action is necessary to protect the health or safety of any community member or to prevent disruption to the University’s learning environment, including students presenting evidence of self-harm, the president or Dean of Students or his/her designee may temporarily suspend a student. (In rare circumstances, a hearing authority may also suspend a student.) The attempted/actual physical abuse or restraint of University personnel or contractors, while acting within the scope of their duties, will also serve as a justification for an interim suspension to be imposed. Within five academic days of the invocation of this suspension, a community standards panel must determine whether grounds still exist to warrant its continuation. If there is a reasonable basis to conclude that the student may be responsible for the activity in question, and there is a possible threat to health and safety, or a threat of disruption of the normal operating procedures, the suspension may be continued. The existence of criminal charges levied by public authorities would, in itself, provide a reasonable basis for continuation. In addition, the hearing authority may review disciplinary history or other relevant information. This “suspension hearing” before the panel does not constitute the original hearing on the merits of the incident in question. This process may be altered when medical factors are claimed to be associated with the behavior in question, as described in the Involuntary Medical Leave Policy found on page 100. **Note:** Administrative removal from residency does not require a community standards review hearing.

2. **Advance Notice of Rights/Issues** – All participants in hearings before the Community Standards Board must be notified of their rights in the process at least 48 hours in advance of any hearings of issues involving them. Students charged with violations to be heard by the Community Standards Board must be notified of the issues and of the date and time of the hearing at least 48 hours prior to the hearing. Issues shall be presented in writing and in sufficient detail to allow the student to prepare an adequate response. (Because of the nature of the issues heard by residence directors and community standards administrators, 48 hours’ notice is not required prior to the resolution of the matter.)

3. **Choice of Hearing** – Pertaining to social code violations, issues possibly requiring a level 1 consequence must be heard by a Community Standards Board panel of two students and one administrator. Issues possibly requiring consequences from level 2, not including dismissal, to level 3 may be heard by a Community Standards Board panel or by a community standards administrator depending upon the student’s request. However, if the student is facing suspension, then a panel must be convened. Certain issues possibly requiring consequences from levels 4 or 5 may be heard by a residence director or area director if appropriate. A higher standard of clear and convincing evidence will be used to determine responsibility for level 1 offenses where expulsion is a possible outcome. In all matters other than level 1 when arriving at a decision, the standard to be applied is the “more likely than not” standard.

4. **Record of Hearing** – All Community Standards Board hearings will be audio-taped for appeal purposes. Community Standards Board deliberations are not included in this provision. The tapes are destroyed at the end of the appeals process.
5. **Conflict of Interest** – Community Standards Board members who have direct interest or potentially prejudicial interest in a particular proceeding should declare themselves ineligible to hear the matter and withdraw from the proceeding.

6. **One Original Decision** – There may be only one original decision for any given hearing. An appeal to a higher authority, as well as any re-hearing ordered by the appellate body, constitutes a waiver of this right.

7. **Time Limitation/Impact on Degree** – Action with respect to violations of the Code of Social Conduct should be commenced within one calendar year of the date of the conduct which is alleged. This time limitation may be extended by the Office of Community Standards when (1) that office is unaware of the conduct in question, (2) the conduct in question is under investigation or subject to action by a governmental authority, or (3) the student delays the process or acts to prevent the University from learning of the incident. If the student is scheduled to graduate within the calendar year, reasonable efforts will be made to have the issue dispensed with prior to graduation which would include the right to appeal Community Standards Board decisions to the University Appeals Council. However, if it is not feasible to resolve the issue prior to graduation, the president or Dean of Students may decide that the granting of the degree and issuance of the diploma be withheld until such resolution occurs. If that decision is made, a Community Standards Board panel must determine within five academic days whether grounds still exist to continue withholding the degree. The board may consider the severity level of the violation, the existence of criminal charges, campus disciplinary history, the possible threat of disruption of normal operating procedures, etc. Such a determination does not constitute the original hearing on the merits of the issue in question. The running of these time frames may be suspended if the student becomes unenrolled. (This provision does not affect the running or tolling of any local, state or federal ordinance or law for civil or criminal violations.)

8. **Right to Assistance** – A student who appears before a hearing body has the right to be assisted in his/her response by any current consenting faculty, staff or student member of the Rider community (with the exception of members of the Academic Integrity Committee, College Appeals Council, SGA Executive Board, or President of the University). The student's right to an advisor attaches upon receipt of the notice of issues. The advisor should not be connected with the specific matter in any way prior to assuming the role of advisor. Community Standards Board members are trained and available to act in the capacity of an advisor.

9. **Right to Be Present** – The student and his/her advisor have the right to be present during all proceedings while issues are presented and witnesses heard. The matter may not be heard in the absence of that student unless he/she has waived the right to be present. See #18, Failure to Appear. The student’s incarceration will be considered a waiver of these rights. The private deliberations of the hearing body is an exception and is not an abridgment of these rights.

10. **Right to Give Evidence** – The student and his/her advisor have the right to present evidence and witnesses. The Community Standards Board has the right to insist that information and/or witnesses relevant to the issue being heard be made available to the Board.
11. **Self-Incrimination** – During a hearing before a Community Standards Board, self-incriminating statements made, or incriminating items supplied by the student are not required and will not be used in a hearing unless the student has been informed of the right to refuse to supply such statements. No inference of guilt may be drawn by the authority because of the exercise of this right. However, the student may voluntarily waive it. In cases where the student may also be facing litigation in public court, he/she may request to have an attorney present during the University proceeding for the sole purpose of advising the student on how best to respond to certain questions in order to protect his or her rights in the public court proceedings. If the student’s attorney is present, the University may also have an attorney present to ensure that the correct procedural rules are followed, and to advise participants of any legal issues that may be raised by the student's attorney. The student’s attorney will not receive notices of hearings, etc., which might be sent to his or her client. It is the student’s obligation to communicate all such information to the attorney.

12. **Questioning of Witnesses** – The student, his/her advisor, the university representative, and Community Standards Board members have the right to question all witnesses who testify at the hearing. If witnesses giving testimony against a person do not testify in the presence of that person, the identity of the witnesses and transcripts of the testimony and/or other evidence to be presented shall be furnished to the student no later than 24 hours prior to the hearing. The hearing authority has a special responsibility to establish the objectivity and credibility of such testimony.

13. **Search and Confiscation** – Evidence obtained in violation of this policy is not to be considered by any hearing authority. If a member of the community suspects the presence of illegal articles or contraband, or items related to the commission of a violation, the person is required to obtain permission to search and/or confiscate. No member of the community is permitted to search the room or area of any student or take any of the above items without the student's consent unless written permission to search and/or confiscate has been given by the Dean of Students or his/her designee. The permission is limited in duration, and is as specific as possible with regard to the items, people, etc. sought and the areas available for search.

Whenever possible, the student involved, the resident of a certain room, for example, should accompany those making the search. Any other prohibited item, or items, information, etc. otherwise linked to the commission of a violation which are happened upon during a search can be taken and brought to the attention of the Dean of Students Office.

**Note:** Prior written permission is not necessary in cases of emergency, matters of health, to verify room occupancy, to inventory recovered lost or stolen property, where the items are in plain view or where the student occupying the room has given consent. Any prohibited item or other items, information, etc. linked to the commission of a violation which are happened upon can be taken and brought to the attention of the Dean of Students Office. (A copy of the procedure for obtaining such written permission is available from the Office of Community Standards or the Student Government Association.)
14. **Past Record** – No record of a student’s past community standards history or other material irrelevant to the issue being heard shall be permitted during the merit determination phase of a student’s hearing. However, records of past dispositions and other material deemed relevant may be considered in the determination of appropriate consequences in the event the student is found to be responsible for the violation(s), and may serve to elevate the consequences.

15. **Written Decision** – The hearing authority is to base their decision solely upon the evidence introduced during the student’s hearing. The student shall receive a written copy of the decision containing the findings and the consequences to be applied, as well as notification of the right to appeal and how to initiate that process. Copies of the decision shall also be sent to the Dean of Students, the disciplinary files, and those persons deemed by the appropriate disciplinary body as needing such notification.

16. **Maintenance of Records** – Information from disciplinary files shall not be made available to unauthorized persons without the express written consent of the student involved except under legal compulsion in compliance with federal regulations or in cases where the safety of persons is involved. The only parties authorized to maintain records of individual disciplinary cases shall be the Dean of Students Office, and those persons empowered by the University to do so.

17. **Closed Hearings** – Hearings are to be closed unless there is a request to hold an open hearing by the student. The hearing authority shall determine if the request should be granted. In any case, all persons participating in the process, including attorneys, advisors, and persons deemed to have an interest in the proceeding, as determined by the hearing authority, may remain with the student’s permission. Matters involving sexual assault shall remain closed.

18. **Failure to Appear** – If a student has received due notice of an allegation and fails to appear at a hearing after receiving proper notice, the student will be charged with contempt of the system. When the student receives notice of the contempt charge, a second hearing will be scheduled to hear both the original allegation and the contempt charge. If the student fails to attend the second hearing it will be regarded as a waiver of the right to be present, and the issues of the original allegation and contempt charge will be resolved in the student’s absence.

19. **Right to Appeal** – Students accepting responsibility and consequences at any level waive their right to appeal the outcome of the judicial hearing. The University or the student not accepting responsibility and/or consequences has the right to appeal decisions on level 1, 2 or 3 offenses to the University Appeals Council. Students not accepting responsibility and/or consequences of a level 4 or 5 violation may appeal the decision to a lesser level appeals board. The lesser level appeals board is a Community Standards Board panel that convenes to review level 4 or 5 dispositions by reviewing documentation. Students may obtain an application for appeal from the Office of Community Standards, Bart Luedeke Center, Student Affairs Suite.

20. **New Evidence After Appeal** – The Appeals Council is the final step in the process. However, when extenuating circumstances or new evidence warrants consideration, the Appeals Council may consider the matter.
21. **Imposition of Consequences** – The hearing authority may determine that there is sufficient cause for a consequence to be imposed prior to an appeal being heard. If so, the date and time the consequence is to take effect must be noted in the decision.

22. **Failure to Complete Consequences** – If a student fails to complete an assigned community standards sanction, or fails to abstain from an activity or location restricted by the hearing authority, this will be considered a new violation of the Code of Conduct, Section 7.1, Contempt of the System. The community standards administrator or his/her designee may impose additional consequences up to but not including removal from residency for the new offense without a new hearing only if the student has had previous notice of the consequences for a contempt violation. (If removal from residency or suspension from the University is recommended, a hearing will be conducted for the new offense.) Any sanctions may still be appealed in accordance with the appeals policy.

### Composition and Jurisdiction of Hearing Boards

The Community Standards Board hears matters involving social code violations, appeals from subordinate hearing authorities (e.g., residence directors), constitutional questions of student organizations, contests of student government elections, and disputes between student organizations. The composition of the panel chosen to hear a particular case varies according to the type of issue being adjudicated. While most panels are comprised of two student Community Standards Board members and either one administrative or faculty Community Standards Board member, panels dealing with student organization disputes or contests are comprised solely of student hearing officers. (During summer session or semester breaks, any three Community Standards Board members may hear a case if the community standards administrator cannot reasonably place two students on the panel.)

### Participants in the Process

In addition to the student who has been charged of a violation, participants in community standards hearings are as follows:

**Community Standards Review Panels**

A hearing panel for each case is selected at random from a pool of Community Standards Board members. Each panel is comprised of two student Community Standards Board members and either one administrative or one faculty Community Standards Board member. Student board members are University students who have applied and been accepted by the Office of Community Standards. At Westminster Choir College, the Community Standards Board members are appointed by the SGA executive board.

Administrators on Community Standards Boards volunteer their time as well. All undergo training and are assigned to hear cases or to act as student advisors as needed.

**Hearing Moderator**

An administrator acting as a hearing moderator may be present at a hearing to control the hearing and ensure the hearing follows procedural guidelines. The moderator will be impartial and has no interest or input in the outcome of the hearing.
University Policies

University Representative
A community standards staff member is present at all hearings and acts as the spokesperson for the University as it relates to charges and proposed consequences. While not intended to be a prosecutor or adversary of the student, the University representative is responsible for explaining the charges and consequence proposals, and takes an active role in ensuring the hearing is fair and that all relevant information is presented to the board.

Student Advisors
A student advisor is generally a student Community Standards Board member and can assist a student charged with misconduct in responding to the allegation. Any other current member of the University community may also act as an advisor if he/she agrees to act in that capacity. An advisor should not speak for the student but can attend a hearing, assist the student in developing and presenting a response to the charges, and act as a general support for the student.

Community Standards Hearings
The following process is followed whenever misconduct is alleged, except when a Dean of Student’s interim suspension has been imposed.

1. After receiving reports from campus public safety or residence life, the director of community standards or his/her staff generates a written letter to the student called a formal inquiry. The formal inquiry cites the alleged misconduct, violation(s), and assigns a level of severity. Also included with the formal inquiry are all public safety reports, statements, and any other information related to the charges.

2. The student meets with the director of community standards or his/her staff in a “Resolution Meeting.” In cases not involving dismissal or expulsion, it is possible the matter can be resolved in this meeting if the student and the administrator agree on the violation(s), level of severity, and consequences. If agreement cannot be reached at levels 1, 2, or 3 concerning the responsibility of the student, the student must challenge the allegation(s) of misconduct before the Community Standards Board (two students and one administrator). When a student accepts responsibility for an allegation of misconduct, the community standards administrator may impose the appropriate sanctions in accordance with the level of severity of the violation as listed in the Code of Social Conduct. A student who disagrees with consequences imposed by the community standards administrator may appeal to the University Appeals Council. Charges below level 3 must be resolved with the community standards administrator, his/her staff, area director, residence director, or house director.

3. A Community Standards Board hearing is divided into three parts.
   a. Procedure Phase – The student is asked questions related to student rights, procedures and charges.
b. **Merit Determination** – This phase includes the relaying of all information, relevant questioning, and witness presentation related to the charges. It provides the panel of Community Standards Board members with information necessary to make a determination of responsibility and level of violation. The panel deliberates in private and then announces the decision. If the student is found not responsible for the alleged misconduct, the hearing is over and the charges are dismissed. If the student takes responsibility for any charges during this phase, it will be at the level charged by the University, unless the University representative agrees beforehand to any changes. When the student takes responsibility, the Community Standards Board may still hear any information it deems necessary to move on to a consequence determination phase.

c. **Consequence Determination** – If the student is found responsible or takes responsibility for any charges, the panel announces the finding and level of responsibility. The panel then hears consequence recommendations from the University representative first and then the student and/or his or her advisor. Prior misconduct can be introduced at this time. Character witnesses or references may also be introduced. The panel then deliberates in private and announces the level and the consequences.

For every Community Standards Board panel decision there is an opportunity to appeal the finding, the consequences, or both. The University Appeals Council hears appeals of Community Standards Board decisions. Unless explicitly directed otherwise, consequences are held in abeyance pending an Appeals Council decision. When a student takes responsibility for any charges either during a resolution meeting or during merit determination phase of a Community Standards Board hearing, the student waives his/her right to appeal the finding of responsibility on those charges.

### Appeals Council

The University Appeals Council derives its authority from its tripartite nature. The council hears appeals of cases originally adjudicated by the Community Standards Board. It also may hear appeals involving administrative regulations, as well as judgments regarding interpretations of the Family Educational Rights and Privacy Act (FERPA), or any other rights. The Appeals Council's authority does not extend to the civil or criminal realm. For a complete description of the Appeals Council authority and procedures, contact the Dean of Students, 609-896-5101 or the Office of Community Standards, 609-896-5292.

### Hearing Record

1. All sessions must be recorded, preferably on audio-cassette tapes, and the recording of the session must also be submitted to the appellate body within 48 hours of that hearing body's request. In addition, there must be a record of the name of the student, date of incident, issues put forth, student's response, significant evidence, decision and decision date, consequences, and names of the Community Standards Board panelists.

2. All written statements, etc. should be maintained as part of the student's community standards file.
Disciplinary Records

Academic and disciplinary records shall be maintained separately. At no time shall a disciplinary decision of any hearing authority or student government organization be placed in the academic records maintained by the registrar or recorded upon the academic transcript. Transcripts will carry a notation that disciplinary records are kept separately. Whenever a disciplinary record is added to the student’s personnel file, an exact copy of that record must be given to the student(s) concerned.

In matters involving original jurisdiction of the University Community Standards Board, the records of those proceedings shall be maintained at least until the student graduates. The board may specify the length of time records are to be maintained in student files on a case-by-case basis.

Copies of decisions in disciplinary cases shall be transmitted to the following parties:

- The student.
- The Dean of Students.
- Disciplinary files.
- The student advisor, if applicable.
- Other interested parties with a legitimate educational interest.

Rider University Substance Abuse Policy

Rider University believes that individual responsibility is extremely important in social choices. Substance abuse is prevalent on college campuses today and often hinders community members’ ability to lead lives of productive work, enlightened living and community involvement. The University policy regarding alcohol and other drugs provides penalties for abuses but places major responsibility on the student for responsible decision making.

The policies and Code of Conduct governing the use of alcohol and other drugs apply to all Rider students and their guests. The primary responsibility for knowing and abiding by the provisions of the University’s policies rests with the individual student.

Drug Policy

Rider does not tolerate the use or possession of any illegal substance on its campuses.

Rider University Parental Notification Policy

Rider University has decided it may notify parents in the following cases:

- If a student is found to be responsible for any drug-related offense.
- If a student is transported to the hospital due to a drug or alcohol related incident.
- If a student refuses to be transported to a hospital for a drug or alcohol related incident against the advice of emergency rescue or safety personnel.
• Any violation of the University alcohol policy.
• Any incident which results in separation from the University or residence halls.
• Whenever a student is arrested.

FERPA (Family Education Rights and Privacy Act) allows provisions for parents to be called in cases of life or safety emergency and when a student is declared by the parents as a tax dependent under the IRS code. The Dean of Students also has the authority to suspend students for reasons of health, safety or noncompliance with recommendations. Such suspensions are subject to review within five (5) academic days.

Campus Policy on Smoking

Rider University subscribes to a smoke-free work and study environment. In compliance with both University policy and New Jersey State law (N.J.S.A. 26:3D-17), smoking or ignition of any tobacco or other product or substance is prohibited in all buildings, the Bart Luedeke Student Center (including The Pub), dining facilities, residence halls and Greek houses. In addition, smoking is prohibited within 25 feet of all building entrances, within 25 feet of operable first floor windows, and within 25 feet of any building louvers or grilles providing outside air intake for equipment.

Licensed Events/The Pub

*The following rules and policies apply to the Rider Pub and other events where alcohol is licensed to be served:*

A. an adequate supply of non-alcoholic beverages must be served;
B. any non-Rider person must be the designated guest of a Rider community member;
C. any individual violating the following Pub regulations as defined by the executive committee of the Rider University cooperative council may be subject to loss of Pub privileges and/or judicial consequences:
   • failure to show one's Rider photo ID card when requested to do so by any Pub employee
   • stealing, destruction or defacement of any Pub property such as glasses, ash trays, etc.
   • taking any alcoholic beverages out of the Pub or bringing any alcoholic beverages into the Pub
   • failure to leave the Pub when requested to do so by the Pub authority
   • any actions which may endanger the Pub/event license such as profane language, fighting, intoxication, etc.
   • any actions which disturb the general decorum
   • possession or use of any illegal substances
   • gambling
   • disregard for behavior of one's guests

D. non-Rider community members who are attending the Pub are not permitted guests.
Missing Student Notification Policy

The law considers a student missing if her/his whereabouts are unknown for 24 hours. **Any student believed to be missing for 24 hours should be reported to Public Safety or the Dean of Students Office.** An official report of any missing student must be immediately reported to Public Safety.

Students living on campus have the option to designate a person or persons to be notified within 24 hours if they are determined to be missing. This information is handled in a confidential manner, accessible only to authorized campus and law enforcement officials, and may not be disclosed outside of a missing person investigation. Designated contact person(s) information is gathered from resident students upon check-in via the Office of Residence Life.

If, upon investigation of an official missing person report, Public Safety determines that a student is missing:

- The Dean of Students or designee must, within 24 hours, notify the custodial parent/guardian and any other designated contact person(s) if the student is under the age of 18 and is non-emancipated (remaining under parental care, custody and financial support).
- The Dean of Students or designee must, within 24 hours, notify the designated contact person(s) of any student 18 years of age or older.

Regardless of whether a student has designated a contact person, is over or under the age of 18, or is an emancipated minor, Public Safety must, within 24 hours, inform the local law enforcement agency (police) of a missing student.

Statement on AIDS and HIV

Rider University makes the following statements on its legal, ethical, educational, and procedural responsibilities regarding AIDS and HIV:

1. Rider University affirms its obligation to provide the most current education regarding transmission of HIV and education about the medical conditions known as HIV and AIDS. Specifically, transmission of HIV occurs primarily through contact with semen, vaginal secretions, or the blood of an HIV-infected person.

2. The confidentiality of any person infected with HIV or AIDS is respected. Given the current medical information about HIV/AIDS, there is no justification to warn others of the presence on campus of someone with AIDS or a positive HIV antibody test. It is the right of any person with HIV or AIDS to decide with whom and how this personal information is or is not shared. Therefore, in accordance with American College Health Association guidelines and compliance with federal and state laws, regulations, and policies that protect the confidentiality of student medical and educational records, no person, agency, insurer, employer, or institution will be provided any medical information without the prior written consent of the individual.
3. Any form of discrimination against any person or groups of people who have or who are perceived to have the HIV infection is unwarranted and inappropriate. Any person with HIV/AIDS is guaranteed equal accessibility to any campus facility or activity. Harassment of any kind against any person or groups of people who have or who are perceived to have the HIV infection falls under the jurisdiction of the Policy on Harassment. Such individuals retain all the rights described in that policy.

4. The primary department with current HIV/AIDS-related information on this campus is the Student Health Services. This information is disseminated throughout the Rider community through the offices of Residence Life, the Counseling Center, and the Dean of Students. All campus departments and offices should develop specific procedures for the dissemination of information.

Assisting Students with Disabilities Policy

Any Rider student who supplies the University with appropriate documentation of a disability is eligible on a case-by-case basis for reasonable accommodations, such as auxiliary aids, adjustments in academic examination time limits and locations, and various kinds of support services.

Students with disabilities should contact Services for Students with Disabilities in Joseph P. Vona Academic Annex, Room 8, at 609-895-5492.

In order to review and ultimately accommodate known and suspected disabilities, the University should be provided with documentation of the disability by an appropriate professional. Such documentation should include all of the following:

- A diagnostic statement identifying the disability.
- A description of the diagnostic criteria and/or diagnostic tests used.
- A description of the functional impact of the disability.
- Information regarding relevant treatments, medications, assistive devices and/or services currently prescribed.
- Recommendation for adjustments, adaptive devices, assistive devices, and support services.
- The credentials of the diagnosing professional.

Students without documentation who suspect a disability should contact Services for Students with Disabilities. Only students with documented disabilities that interfere with their ability to meet the requirements of an academic course or program are entitled to reasonable accommodations, such as course adjustments and auxiliary aids. A reasonable accommodation is one that enables the disabled student to fulfill the essential requirements of the academic course or program; a reasonable accommodation does not waive or eliminate essential academic requirements. Services for Students with Disabilities evaluate disability documentation provided by the student, collect additional information from the student, and gather information from relevant educational support personnel, medical and psychological professionals, and other pertinent sources. When the student’s disability has been documented fully and potential reasonable accommodations have been identified, the student is encouraged to present the Notice of Academic Adjustments Form to individual faculty and discuss the adjustments with each professor. Faculty members may contact Services for Students with Disabilities at any
time for clarification of the accommodation. A joint meeting of the appropriate University official(s), the faculty member, and the student will be held to resolve questions concerning the reasonableness of the proposed accommodations. The student, likewise, is entitled to initiate this procedure.

In the event that such a meeting among the appropriate University official, the faculty member, and the student does not resolve any open issue(s), a qualified University official designated by the provost will meet with them and assist in resolving the open issue(s). Where a curricular modification is requested, that official normally will be the relevant dean, who will decide the reasonableness of the request in close consultation with the affected faculty member(s) and appropriate University official(s).

The policy is designed to ensure the University’s compliance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act and the New Jersey Law Against Discrimination, and to enable every Rider student with a disability to enjoy an equal opportunity to achieve her/his full potential while attending this University. Because no policy can anticipate every possible student request, Rider reserves the right to vary this policy under appropriate circumstances on a case-by-case basis.

**Involuntary Medical Leave Policy**

When the Interim Suspension Policy has been invoked and there is reason to believe that the behavior is related to a medical (physical/psychological condition), a hearing will be held as soon as reasonably possible with the Dean of Students, or the Dean’s designee, or a panel appointed by the Dean which may include health professionals. If there is a reasonable basis to conclude that the student may be responsible for the activity in question, and there is a direct threat to the health and safety of others, or the student’s behavior is disruptive to the University’s learning environment, the suspension may be continued. Discontinuance of the suspension, if warranted, may be conditioned on the application of medical treatment or reasonable accommodations agreed upon by the University in consultation with the student, parents/guardians and/or health professionals. If the hearing authority does not remove the suspension, the suspension will be continued indefinitely pending presentation of new information indicating that the threat to the health and safety of others has been removed, that there is no longer a risk the student will be disruptive to the University’s learning environment, and/or there are reasonable accommodations or treatment is available.

This Involuntary Medical Leave Policy is meant to be invoked in extraordinary circumstances when a student is unable or unwilling to request a voluntary medical leave of absence. Before involuntary leave of absence is considered, efforts will be made to encourage the student to take a voluntary leave of absence. The provisions in the Involuntary Medical Leave Policy shall not be in place of disciplinary actions that are in response to violations of the Student Code of Conduct, and they do not preclude the removal or dismissal of students from the University or campus housing as a result of violations of other Student Code of Conduct violations.
Involuntary Medical Leave: Conduct of Hearing

1. The student will be notified at least 48 hours in advance of the hearing. The notice shall state the date and time of the hearing and present issues in writing and in sufficient detail to allow the student the opportunity to prepare a response. The parent(s) or guardian(s) of the student may also be given notice as provided in the University Parental Notification Policy (see page 96).

2. The student may be assisted in the hearing by any consenting faculty member, medical professional and/or a parent or guardian.

3. The student and his/her advisor(s) have the right to be present at the entire hearing with the exception of private deliberations by the Hearing Authority for the purpose of reviewing information and/or arriving at its decision.

4. The Hearing Authority may consider any oral or written information deemed relevant and may request additional information if needed. The University, student or parents and/or advisors will have the ability to ask questions in the hearing subject to the reasonable control of the Hearing Authority.

5. The Hearing Authority shall notify the student in writing both of its decision along with any material issues considered in arriving at the decision. While not customary practice, the Hearing Authority may decide to audio tape all or part of the hearing, but is not required to do so. The student may have access to any record subject to applicable medical confidentiality standards and ethics.

6. In accordance with customary practice, hearings shall not be open to the public or the press unless the Hearing Authority agrees to a request from the student to conduct the hearing in public.

7. If the Hearing Authority conditions the cancellation of a suspension on terms or accommodations, the student shall be obligated to comply with those conditions or accommodations. If the accommodations are not followed, the Dean may impose additional sanctions up to and including further suspension.

8. Either the student or the Dean may have the hearing reopened if the original basis for the suspension has changed or new information is available. If practical, the Dean shall assign the same Hearing Authority to the reopened matter but may use a new Hearing office or panel.

Rights and Responsibilities of Users of the Rider University Computer Network

This policy governs the use of computer systems, networks and other equipment provided by Rider University for electronic communication and for data and record retention. All University related persons who are provided with access to any of these resources, including employees and students, through the use of any of these facilities, agrees he or she will comply with this policy and understands and agrees with the conditions and limitations described below. The University reserves the right to change or supplement this policy in accordance with applicable University procedures.
Computers and networks can provide access to resources on and off campus, including the ability to communicate with other users worldwide. Such open access is much like access to books in the library, and requires that individual users act responsibly.

Rider University is committed to protecting the rights of students, faculty, and staff to freedom of expression and to free academic inquiry and experimentation. Concomitantly, users must respect the rights of other users, respect the integrity of the systems and related physical resources, and observe all relevant laws, regulations, and contractual obligations. Because electronic information is both volatile and easily reproduced, users must exercise special care in acknowledging and respecting the work of others through strict adherence to software licensing agreements and copyright laws.

The facilities are owned by the University, which has made them available to the University students, faculty and staff for use in University matters (including academic and business matters). The University permits personal use (i.e., for matters not involving the University), of electronic communications tools provided that the personal use does not interfere with the rights of others, does not threaten the integrity of the systems or related physical resources and complies with all other applicable laws, regulations and contractual obligations. Information received, transmitted or stored by a University employee is considered in the first instance to be private information belonging to that individual. The University does not routinely audit or inspect individual accounts. However, the University reserves the right to monitor an individual’s use of the system or enter and retrieve a user’s files (a) to the extent necessary to correct system problems in order to address issues that it has reason to believe may adversely impact the integrity, security, or effective operation of university computer systems, (b) to respond to a court order, subpoena or valid discovery request as part of an ongoing litigation, (c) when access is required as part of an investigation by federal, state or administrative authorities, (d) when access is otherwise necessary in order for the University to comply with the law, or (e) whenever the University reasonably anticipates being subject to litigation and access to files is necessary to evaluate and assess the risks of litigation. In the event of an order by a court, or a governmental agency with subpoena authority, the user of that file will be notified of that order prior to the University providing access to those files to the extent permitted by applicable law and subject to Article XXV of the collective bargaining agreement between the University and the AAUP. Copies of all user files stored on the network may be routinely backed up for disaster recovery purposes. Such copying shall not be considered to be in violation of this policy as long as such operations are purely mechanical and do not involve the viewing of those files. However, ultimate responsibility for the back-up of files in personal accounts, local disks, and personal computers, lies with the account holder.

Examination of user files, email, network transmission content or other University provided electronic / telephonic communications, for reasons other than protecting network integrity, must be authorized by the Associate Vice President of Human Resources (in the case of employees) or the Dean of Students (in the case of students), in conjunction with the appropriate Division head or the University President, and in the case of members of the Rider University Chapter of the AAUP, an individual designated by the AAUP Chapter Executive Committee.
Nothing contained in this policy shall be construed either to (1) limit the legitimate exercise of free speech, including but not limited to written, graphic, or verbal expression that can reasonably be demonstrated to serve legitimate educational, artistic or political purposes, or (2) infringe upon the academic freedom of any member of the University community.

Computer users are free to utilize University computers to communicate to and read from public computer facilities (e.g. usenet, BBSs, etc.) with no greater restrictions than would apply if they were communicating in any other public forum (e.g. newspapers, talk radio, public meetings). When communicating in such facilities users must avoid any implication that they speak for Rider University when they do not. Use of the University’s computer resources to transmit unofficial communications does not constitute University approval or endorsement of such communications.

While Rider University is committed to intellectual and academic freedom and to the application of those freedoms to computer media and facilities, the University is also committed to protecting the privacy and integrity of computer data belonging to the University and to individual users.

Computer facilities and infrastructure are provided for meeting academic goals and to provide access to local, national, and international facilities to aid in the achieving of those goals. Those using these facilities and services must respect the intellectual and access rights of others locally, nationally, and internationally.

Students should be aware that any use of the facilities or infrastructure that is in violation of the guidelines listed below may be considered a violation of the Code of Social Regulations.

The general standards of conduct expected of members of the University community also apply to the use of University computing resources. These resources include:

- **Hardware**: All the physical equipment used for or related to information processing or data communications.
- **Software**: Programs, programming languages, instructions or routines which are used to perform work on a computer.
- **Data**: Information such as records or textual material stored on or accessible through a computer.

Individuals will be held no less accountable for their actions in situations involving computers and information resources than they would be in dealing with other media. Though some of these resources are intangible they are the property of the University and the same rules applying to vandalism and theft apply to them as well as to other forms of University property. Conduct which violates the University’s property rights with respect to computing resources or the use of computing resources to violate University regulations is subject to the same University discipline as would be applied if that conduct did not involve computer resources. Such conduct includes but is not limited to:

1. The giving or gaining of unauthorized access to computing resources.
2. The unauthorized use of computer space.
3. The unauthorized duplication or distribution of copyrighted software and/or related materials such as documentation, manuals, reference cards, etc., beyond those allowed by “fair use.”

4. The unauthorized removal of any computing resources from computing facilities.

5. The deliberate, unauthorized alteration or destruction of any computing resource or the deliberate unauthorized attempt to destroy any computing resource.

6. Knowingly using or installing on any University computer system or network a program intended to damage or to place excessive load on the computer system or network. This includes, but is not limited to, programs known as computer viruses, Trojan horses and worms.

7. Using the University network to gain unauthorized access to any computing resource.

8. Unauthorized attempts to circumvent the security measures of any computing resource, any data protection schemes and/or decrypt secure data.

9. Knowingly violating terms of applicable software licensing agreements or copyright laws.

10. Monitoring or tampering with or attempting to monitor or tamper with another user’s electronic communications, or reading, copying, changing or deleting another user’s files or software without the express agreement of the owner.

11. Forging electronic communications to make them appear to originate from another person.

12. Using electronic mail to harass or threaten individuals.

13. The use of computer resources for commercial solicitation and/or personal economic benefit unconnected to the user’s University role.

Violation of these policies will be handled through the University’s existing disciplinary procedures. Uses of computer resources that are also violations of law may be referred to the appropriate civil authorities.

Other organizations operating computing and network facilities that are reachable via the Rider network may have their own policies governing the use of those resources. When accessing remote resources, users are responsible for obeying both the policies set forth in this document and the policies of the other organizations. Use of the computer service of the University is solely at your own risk and is subject to all applicable laws.

Social Networking Services

Students accessing “social networking services” such as Facebook, Twitter and Instagram must be careful to read the terms and conditions set forth by these services. Students must be aware that they are solely responsible for the content of their sites and that neither the networking services nor Rider University assumes any responsibility for what students place there.

Inappropriate material placed on these sites may be subject to Rider University’s Code of Social Conduct. Students should pay specific attention to section 1.1 Personal Misrepresentation, section 2.3 Reckless Endangerment, section 2.7 Verbal/Non-Verbal Harassment, Humiliation, Intimidation or Discrimination, section 2.8 Disorderly Conduct, section 2.9 Indecent Conduct and section 3.1 Attempted or Actual Abuse, or Unauthorized Use of the Computer.
In addition to violations of University policy, the posting of inappropriate material may subject students to criminal and civil penalties. As referenced in the terms and conditions of these networking services, students should refrain from posting material that is deemed to be criminal; harassing; racially, sexually, ethnically or religiously objectionable; defamatory; obscene; invasive of another’s privacy; or infringing of copyright.

In particular, students using these services should become familiar with the concepts of defamation and invasion of privacy.

Elements of a defamation claim include:

a. conveying any message about a person(s) through words, images, etc. that could be reasonably understood as being factual (a statement of opinion like “I think Paul cheats on tests” could be considered factual depending upon the context);

b. the message is conveyed intentionally or inadvertently to someone other than the person(s) who is the subject of the message;

c. the message conveyed is understood by others to be about the person(s) who is the subject of the message;

d. the message conveyed would reasonably be understood as being harmful to the reputation of the person(s) who is the subject of the message; and

e. and the message conveyed ultimately harms the subject’s reputation.

Claims for invasion of privacy arise under different circumstances. For example, a claim for invasion of privacy may occur if one person uses the name or likeness of another person for his or her own benefit. Invasion of privacy may also occur if one makes public a matter concerning the private life of another and if the matter made public would be considered highly offensive to a reasonable person and is not of legitimate public concern. Additionally, invasion of privacy occurs when one is placed in a public false light. Here a violation might arise if the false light into which the person is placed would be considered highly offensive to a reasonable person and the violator had knowledge of or acted in reckless disregard as to its falsity.

Dissemination of Information Policy

Rider University is committed to providing a climate in which all members can exercise their freedom to speak and listen and to fulfill their personal and societal obligations. The University sets forth these guidelines for defining rights and responsibilities within its community:

1. Students and student organizations are free to examine and discuss all questions of interest to them, and to express opinions publicly and privately. However, no disruption of the normal operation of the University will be permitted by any individual or group.

2. Students and student organizations should make it clear to the academic community and to the larger community that, in their public expressions, they speak for themselves.
3. Students may invite and hear any person of their own choosing, subject to the orderly scheduling of facilities. Faculty, administrators and recognized student organizations may schedule and reserve rooms for programs they choose and individual members of the community may schedule speakers or leaflets to utilize certain public areas of the campus for presentations.

The Director of Business Conferences and Camps shall approve or disapprove, in consultation with appropriate administrative personnel, applications for on-campus dissemination.

Dissemination of information is defined as any oral communication, visual presentation or printed matter encountered in a public area of the campus. The coordination and processing of all requests shall be handled by Auxiliary Services.

**Campus Posting Policy**

This policy outlines the guidelines governing the posting policy at Rider University. If your organization, group, or department, has a method of campus posting not covered in this policy, you MUST consult with the Director of Campus Activities and the Director of Auxiliary Operations to determine if the method is allowed at Rider University under institution policy and to gain all of the proper authorization to use your method of campus posting.

**Rider University Posting Policy**

**General Points**

- The Office of Campus Life must authorize the publicizing of various events by the use of posters, signs, etc.
- Advertisements referring to or promoting the use of alcoholic beverages are prohibited.

**Posting Guidelines**

- Individuals and clubs or organizations wishing to post information on-campus must get approval from the Office of Campus Life. Posting will only be approved for a two (2) week period.
- To post in residence halls, you must have approval from the Residence Life Office or the Office of Campus Life.
- Material cannot be affixed to walls, doors, or glass surfaces, or in bathrooms or elevators.
- Posters and advertisements cannot be in violation of the Community Values Statement.
- If the primary purpose of a poster is to advertise an alcohol related event or make explicit reference to the sales or consumption of alcohol, the advertisement will not be approved.
- Failure to adhere to these guidelines will result in removal of the unapproved postings by Auxiliary Services and the Office of Campus Life and possible loss of “good standing” status.
- Posting in all campus buildings should be on designated bulletin boards ONLY.
- If the program is funded with Student Activity Fee money, it must state, “sponsored by SAF”
Campus Solicitation (Lawrenceville Campus)

Solicitation is defined as the selling of a product, service or the collection of moneys. This does not apply to the distribution of leaflets or other sources of information. Further, it does not apply to the collection of dues/fees by University organizations from their members. The coordination and processing of all solicitation requests shall be handled by Auxiliary Services. It will be the responsibility of the Director of Business Conferences and Camps to approve or disapprove, in consultation with appropriate administrative personnel, when necessary, applications for on-campus solicitation.

Parking and Traffic Regulations

I. General Regulations

Rider University has more than 5,000 motor vehicles on its campus every day. For reasons of safety, convenience, orderly traffic and parking, the University has established and enforces, through the Department of Public Safety, reasonable vehicular regulations.

These regulations apply to all members of the community, including students, faculty, staff, administration and their guests, at all times.

The operation of a motor vehicle on campus is a privilege which may be withdrawn by the University for failure to comply with the regulations.

Information about the regulations and vehicle registration is available from the Department of Public Safety, located in West House at the South Entrance of the Lawrenceville Campus. The office is open 24 hours a day, seven days a week.

On the WCC campus, the Public Safety Office is located in Bristol Chapel. See the WCC section for details on parking at the Princeton campus.

a. Every vehicle on the Rider campus must be properly registered by the University. Altered or fictitious registration will result in disciplinary action for personal misrepresentation.

b. Students who operate their vehicles in an unsafe manner or who fail to adhere to the traffic regulations for moving vehicles may face disciplinary and/or administrative action for violating Section 2.3 of the Code of Social Conduct, Reckless Endangerment.

c. Both registrant and driver are responsible for adherence to all parking and traffic regulations. Therefore, any resulting penalties and restrictions may apply to both. If a parking ticket is issued, the community member shall be held responsible when:

- The vehicle is registered with Public Safety to that member.
- The vehicle is registered with MVC to an individual with the same home address as the member.
University Policies

- The vehicle is registered to a place of business, which has in its employ an individual with the same home/local address as the member, and who has been designated as the person “assigned” the vehicle.
- The vehicle is not registered with Public Safety, but has been “identified” as operated by the community member.

d. Any motor vehicle that has not been driven for 10 consecutive days may be determined an “abandoned” vehicle. When it has been determined that a vehicle has been abandoned by the owner, the vehicle will be towed from the Rider campus at the owner’s expense.
e. A vehicle may be ticketed for the same violation only once per shift (midnight to 8 a.m., 8 a.m. to 4 p.m., 4 p.m. to midnight).

*The University assumes no responsibility for the care of, protection of, or damage to any motor vehicle or its contents at any time it is operated on, parked on, or removed from University property.*

II. Vehicle Registration

In order to register a vehicle on campus, one must present a current driver’s license, vehicle registration, proof of insurance, and a valid Rider ID card. There is a $300 fee for all freshman resident students who bring their vehicles to campus. The fee is payable on-line by going to [www.rider.edu/parking](http://www.rider.edu/parking). Westminster Campus freshmen are not permitted to bring vehicles to campus their freshman year. Extenuating circumstances may be brought to the attention of the Associate Dean of Students or the Director of Public Safety.

a. Permanent decals and temporary permits are issued in various colors corresponding to the proper parking areas. Decals are to be displayed on the back of the rearview mirror and the lower left portion of the driver’s side passenger window. Temporary permits are to be displayed on the driver’s side of the dashboard.
b. If a university member brings a non-registered vehicle to campus on a temporary basis, the person shall immediately obtain a temporary permit from the Department of Public Safety. There is no fee for the temporary permit, which may be issued for a maximum of seven days. (Extenuating circumstances may be approved by the Director of Public Safety.)
c. Any change in the license number of a registered vehicle during the academic year must be reported by the registrant, in writing to Public Safety.
d. Resident students may obtain decals for one vehicle. Commuter students may register up to three family vehicles. All additional vehicles will receive temporary vehicle passes. Charges for violations attributed to vehicles registered to, or under the control of, another member of a student’s family or visitor will be placed on the student’s record.
e. **Designated handicapped/disabled parking** spaces are available to students who have either a permanent or temporary state-issued handicapped placard. Students must display their placard when using the designated spaces. Temporary state placard applications are available at the Services for Students with Disabilities Office, located in the Vona Academic Annex Room 8, and at municipal police departments. The application requires a doctor’s signature, a small fee, and should be submitted to the nearby Lawrence Township Police Department. If you are a resident student, please use your Rider University address. Keep in mind that temporary placards are only valid until their date of expiration. In order to park on campus, vehicles must also be registered with the Department of Public Safety.

f. **Visitors** – Community members are responsible for informing their visitors of all parking and traffic regulations. Hosts should obtain a copy of the campus map with parking and traffic regulations from the Department of Public Safety for their visitors’ use. Visitors are required to park in the visitor or open lots and display a visitor’s parking permit on the driver’s side of the dashboard. This permit may be obtained anytime from the Department of Public Safety. Failure to obtain a permit may result in the vehicle being ticketed and/or towed at the owner’s expense. Visitors to financial services and admissions may park in the designated “Visitor Parking” spaces directly across the street from the Bart Luedeke Center. All other visitors may park in the visitor lot to the left of the Bart Luedeke Center next to the open lots. Any “open” lots may also be used by visitors. Visitors who violate the traffic regulations are subject to fines, as applicable. When a visitor registers his vehicle, his vehicle information is registered on the student’s record he is visiting. Charges for traffic violations incurred by the student’s visitor or charges for violations attributed to vehicles will be placed on student’s account and student will be responsible for these fines. The visitor’s vehicle will stay on the student’s record until that visitor’s traffic fines are paid. A request for the visitor’s vehicle record to be removed from the student’s account must be made at the Public Safety Department.

g. **Motorcycles**

1. All motorcycles must be registered. Operators of motorcycles are subject to the same regulations that govern other motor vehicles.

2. When operating motorcycles on campus, the driver and passenger are required to wear safety equipment in accordance with New Jersey state law.

3. Motorcycles, motor bikes, or motor scooters may not be driven on pathways or off road areas.

4. Motorcycles and like vehicles may be parked in stalls specifically designed for them in the major lots, or they may be parked along with cars, trucks, vans, etc. in vehicle stalls in designated lots. Under no circumstances may they be stored in or parked adjacent to campus residences.
III. **Parking Areas**

Parking is in authorized lots only and is prohibited on all campus roadways except as otherwise designated. During weather-related incidents and other emergencies, the Department of Public Safety reserves the right to limit, alter, and/or prevent authorized parking and traffic patterns. Parking is restricted to the following locations (see table on 115 for indicated lots) according to decals displayed.

For a complete list of student and other parking assignments, please refer to Rider's website at [www.rider.edu/offices-services/public-safety/parking](http://www.rider.edu/offices-services/public-safety/parking).

IV. **Prohibited Parking Subject to Immediate Tow**

1. **Parking is prohibited on all campus roadways** except as otherwise designated. Students temporarily parked in violation of traffic regulations while loading or unloading personal belongings at other than openings, closings, semester breaks or holidays, shall first contact the Department of Public Safety to request and receive permission. When permission is granted, it will be the student’s responsibility to load or unload as quickly as possible. **Please Note:** Either a valid driver must be with the vehicle at all times or the driver must provide immediate contact information (i.e., location, cell phone number) to Public Safety prior to loading or unloading.

2. **Fire Zone** – Parking in areas that would hinder access to buildings and/or block entrance/egress through building doors is prohibited. Parking in front of fire hydrants is prohibited.

3. Parking beyond designated space lines in parking lots is prohibited.

4. Parking on the grass, grounds, and sidewalks is prohibited.

5. All areas in Lawrence Township adjacent to the University are off limits for parking.

V. **Towing Policies**

A. The following vehicles are subject to towing without notice:

1. A vehicle which hinders the flow of traffic.

2. A vehicle which is parked or left standing
   a. on a campus roadway,
   b. in violation of a handicap area,
   c. in a fire zone or lane,
   d. in violation of pickup/drop off areas (Fine Arts Circle, residential complex, in front of Moore Library and Bart Luedeke Center),
   e. in violation of staff lots, or
   f. on the grass, grounds, or sidewalks.

**Note:** Emergency and service vehicles are exempt from these towing policies.
B. Any individual who has accumulated five (5) or more traffic violations of any type during an academic year subjects his/her vehicle to towing and/or loss of driving/parking privileges for any traffic violation thereafter. Additional consequences could include parental notification and disciplinary action.

C. The owner or driver of the vehicle is liable for all towing charges to the towing agency before the vehicle is released, as well as the traffic fine.

D. In the event that a vehicle becomes disabled in a restricted area, it is the responsibility of the operator to contact the Department of Public Safety immediately by telephone or in person. The operator will then be required to meet with a public safety officer at the disabled vehicle. Failure to do so subjects the vehicle to a ticket and towing.

E. Reasonable attempts will be made to notify owners whose vehicles are parked in normally authorized locations but have become off-limits due to weather-related or other emergencies. In the event the owners are not notified, the vehicles may need to be towed.

Review and Appeal of Parking/Traffic Tickets

In those circumstances where one believes that a ticket may have been inappropriately issued to them they may seek to have it administratively reviewed.

This review is initiated by completing a traffic ticket appeal form found online at www.rider.edu/ticketappeals. This form must be submitted by email within 15 days of the issuing of the citation.

All reviews will be performed by a Traffic Appeals Review Board comprised of representatives of the student body and staff. The decision of the Board will be communicated by regular mail to the person making the appeal.

See the next page for additional parking info or contact the Office of Public Safety at 609-896-5029.

The comprehensive tuition fee covers a normal academic load of between 12 and 18 credit hours per semester. Students are charged $620 per credit hour in excess of 18 credits.

The fees and charges set forth herein are subject to adjustments by the University at any time. Questions regarding rates and fees should be directed to the bursar’s office.
Part-time student expenses

Students who take one through 11 credit hours are charged $1,110 per credit hour plus a $40 technology fee per course. College of Continuing Studies students are charged $620 per credit hour for the first 11 credits plus a $40 technology fee per course. A comprehensive tuition fee is charged for students taking 12 to 18 credit hours. A more comprehensive list of expenses is available in the undergraduate academic catalogs online at www.rider.edu or in the admission office located in PJ. Ciambelli Hall.

Financial Aid Information and Standards

Information is maintained on Rider’s cost of attendance; opportunities for financial assistance; awarding policies student retention graduation, and post-graduation data; student body financial data; student loan terms, conditions and disclosures; and code of conduct. The information is available online at www.rider.edu or upon request in the Office of Financial Aid.

All students receiving financial aid are expected to know and comply with all applicable policies and deadlines, including the student responsibilities listed in Rider’s annual “Educational Financing” guide available online.

All awards are subject to change, based on receipt of additional information; changes in enrollment or housing status; changes in academic standing; federal, state or institutional requirements; availability of budgeted funds or receipt of any additional scholarships or grants. The university may adjust or correct awards at any time.

All students receiving financial aid from federal, state and/or Rider University sources must be making satisfactory academic progress at Rider to establish and retain eligibility for student financial aid. Enrolled students applying for financial aid for the first time must demonstrate satisfactory academic progress prior to applying for financial aid and must continue to meet satisfactory academic progress standards.

Satisfactory Academic Progress – All coursework will count toward attempted credits, except those officially dropped during the add/drop period. There is a maximum of 180 attempted credits for Lawrenceville degree programs, and generally 186 attempted credits for degree programs at Westminster Choir College. This includes transferable and non-transferable credits from all schools attended. Full-time undergraduate students are to enroll in a minimum of 12 semester hours toward graduation requirements each semester at Rider. However, undergraduate students may only receive Rider funds for 10 semesters. Since an undergraduate is normally expected to complete undergraduate study in eight semesters, there are limitations to the types of financial aid available during a student’s ninth and 10th semesters. Appropriate consideration will be given to students who are required by Rider University to enroll in non-credit developmental courses during their study at Rider.
Minimum Standards and Process for Appeal – Students are expected to complete at least 67 percent of all coursework attempted. The following table indicates the cumulative of credits a full-time undergraduate student must attempt and successfully complete each semester:

Consistent with graduation requirements at Rider University, a student is expected to maintain a minimum 2.0 cumulative grade point average each year while receiving financial aid, except during the first year of attendance.

Students who fail to meet these policy standards will have their financial aid eligibility terminated, or may appeal to be placed on financial aid probation. To appeal, students must submit an Agreement to Maintain Satisfactory Academic Progress for Financial Aid to the Office of Financial Aid within two weeks of receiving notice of aid termination or probation. This agreement must outline how the student will meet all of the requirements for satisfactory academic progress by the end of the next period of study, subject to approval by the student’s financial aid counselor. The next period of study may include a summer session(s). If an academic agreement is denied, a student may appeal the decision by writing to a Senior Assistant Director, who will review the appeal and may consult with the Director of Financial Aid and other appropriate campus administrators. The Senior Assistant Director of Financial Aid will send written notification of the result of the appeal to the student.

Students whose appeals are granted will have their financial aid eligibility reinstated for a probationary period of one semester. Awarding of financial aid for additional semesters will be based on satisfactory completion of the stated conditions or meeting of the minimum standards of this policy as well as funds available at that time.
Evaluation of one or more of the following conditions may result in reinstatement of financial aid:

1. An error was made when determining academic progress.
2. Late grade changes or course corrections were submitted.
3. Exceptional medical or personal circumstances occurred.
4. Student has satisfied the condition leading to aid termination.
5. Student has successfully completed a specified number of summer courses that fulfills the guidelines of an academic agreement.
6. Other extenuating circumstances.

Students must contact the Office of Financial Aid to find out how to avoid termination of financial aid. Academic suspension or dismissal by a college of the University will result in automatic termination of financial aid.

Federal regulations specify that the maximum time frame during which a student is expected to finish an undergraduate program and receive Title IV funds may not exceed 150 percent of the published length of the program.

**Part-Time Students** – Students enrolled less than full-time will be required to meet the same minimum cumulative grade point averages as students enrolled full-time, and must complete at least 67 percent of the coursework attempted. Appropriate consideration will be given to students required by Rider University to enroll in non-credit developmental courses, provided these courses are completed during the first two years in the case of a half-time student, and during the first one and one-half years in the case of a three-quarter time student.

**Graduate Students** – Students will be expected to complete 67 percent of the coursework attempted and maintain a minimum cumulative grade point average of 3.00 to remain eligible for any form of student financial aid.

**Course Withdrawals/Incompletes/Repeated Courses**

Students are required to notify the Office of Financial Aid when withdrawing from courses as these circumstances may impact financial aid eligibility. For example, if a student changes his or her enrollment from full-time to part-time, or if a student is changing enrollment to below six credits, the Office of Financial Aid must be notified. If a student withdraws from courses during a given term, withdrawn credits count toward courses attempted. The only exception to this policy is when a student is on an approved medical or military leave of absence. An incomplete course is treated as a failed course. A repeated course is only counted toward progression if the repeated course is replacing a previously failed course.

For tuition refund information, consult the academic catalog available online at [www.rider.edu](http://www.rider.edu) or in the admission office located in P.J. Ciambelli Hall or the Rider Website.

University Drop Policy

Changes to your course load, due to add/drop, may have an impact on your financial aid eligibility and Athletic agreement. All full-time undergraduate, CCS, and graduate students at Westminster Choir College who revise their course load to less than 12 credits, during the add/drop period, will be billed at the per credit hour tuition rate. No adjustments will be made for courses dropped after the add/drop period.

Scholarships

Merit-based scholarships are awarded to eligible students upon admission to Rider. In addition, a variety of scholarships are available for Rider students to help meet tuition and other educational costs. These scholarship funds have been established over the years through the generosity of alumni, corporations and foundations, and other friends of Rider University. The awards are often designated for students of a particular major, career path, extra-curricular interests, or ethnic background. Students may apply for these awards by completing the Rider University Academic Scholarship Application that is available in the Office of Financial Aid. Please note that some of these scholarships are designated for students who have demonstrated financial need through the filing and processing of the Free Application for Federal Student Aid (FAFSA).

Rider scholarship amounts may be capped based on billable cost and receipt of other aid from external fund providers. The total institutional gift aid a student may receive – inclusive of all types of Rider scholarships and grants except NCAA-authorized athletic scholarships – cannot exceed the student’s tuition charges. In awarding scholarships and tuition benefits from external sources, the total institutional scholarship/grant funds an undergraduate student may receive (from any/all Rider gift aid sources) is capped at tuition and non-optional Rider billable fees plus Rider billable standard room charges, less any external scholarship payment(s) or external tuition benefits payment(s) received. The total institutional grant/scholarship and (or) assistantship funds a graduate student may receive is capped at tuition and non-optional Rider billable fees, less any external scholarship payment(s) or external tuition benefit payment(s) received. For undergraduate and graduate students receiving military or veterans educational benefits, the total institutional grant/scholarship funds the student may receive is capped at tuition and required fees, less any military tuition assistance received.

A complete listing of scholarships, grants and loan awards can be found at the Office of Financial Aid or by searching the Rider Website.

Renewal of Awards

In order to renew a financial aid award, all students must be in good standing, making satisfactory progress, and continue to demonstrate financial need. Merit-based scholarships awarded to students upon admission to Rider require maintenance of a minimum cumulative grade point average and continuous full-time enrollment. Similar requirements hold for renewal of most endowed funds. Designated scholarships awarded by Rider University’s College of Continuing Studies may not require full-time enrollment. All awards are on a one-year basis and depend on availability of funds.
University Student Employment Program

Students with financial need are eligible for the federally-supported University Work-Study Program. This is designed to help the student meet his/her total educational costs, including clothes, transportation, and personal expenses. Students may work up to 20 hours a week while attending classes full-time. During the summer or college recesses, students may work full-time (40 hours a week). University work study earnings are considered to be financial aid. A job listing is available on the Rider Website. A student employment job fair is held at the beginning of the fall semester.

Other Sources of Financial Aid

All students are required to investigate their own state programs of financial aid. Some states have scholarships, or grant and loan programs that are available to students who attend Rider University. Students are obligated to respond promptly to any information requests from external organizations.

Non-Payments of Debts or Other Obligations

Policies, guidelines, and procedures for application of sanctions by Rider University to aid in the collection of debts from students and/or former students, or to obtain fulfillment of other obligations:

1. Rider University will not apply sanctions for non-payment of debts for organizations not related to Rider except those with which Rider University has an official relationship.
2. While other methods of recovery will normally be tried first, grades, transcripts, diplomas, and participation in commencement ceremonies may be withheld for non-payment of debts.
3. Student affairs office recommendations can be withheld for non-payment of debts, provided that procedures described in paragraph eight below have been followed.
4. Registration can be withheld or canceled and/or other privileges can be suspended for non-payment of debts, provided that procedures described in paragraph eight below have been followed.
5. Pre-registration can be withheld for non-payment of debts provided that the action seems advisable under the circumstances and provided that a prescribed procedure is followed.
6. Eligible students may participate in the commencement ceremonies unless a disciplinary sanction specifically denies such participation. Graduating students with delinquent owing balances are not eligible to participate in the commencement ceremonies. In addition, the University will not issue diplomas or transcripts to or on behalf of graduating students who owe money to the University and/or who fail to complete exit interviews, or fail to fulfill obligations resulting from disciplinary sanctions. Delays in conferring a degree will not cause a change in the applicable date for determining repayment of educational loans.
7. Offices that are authorized to levy sanctions will designate a specific person to handle all such matters. Those offices authorized to levy the sanctions are as follows: (a) Bursar for delinquent debts to the University; (b) Dean of Students for fines, parking fines, other judgments levied by student organizations, and for other organizations with which the University has an official relationship.

8. The following procedural guidelines have been adopted:
   a. Efforts must be made to collect the debt before sanctions are considered.
   b. Students must be warned that the sanction will be applied and why.
   c. The student must be notified that the sanction has been applied and why.
   d. To release a diploma and transcript after resolution of a hold, the office responsible for resolving the matter will notify the same people of a release of the obligation.
   e. The Bursar, Dean of Students, or other office levying the fee, fine, or sanction may grant specific exceptions for students having obligations administered by that office. Therefore the debt or deficiency must be resolved directly with the appropriate office.
   f. All communications for each individual action must be conveyed in writing, or via email or voice mail.
   g. No mass listings from any office or student organization will be honored for the purpose of application of sanctions by the registrar’s office or the Dean of Students office.

9. The use of external collection agencies or the submission of student names to credit bureaus in the pursuit of student debts must be reviewed and approved by the Bursar prior to such use.

10. Debts must be cleared before a student is readmitted. Before a student is cleared for readmission, the Bursar’s office will be consulted to make certain that all debts have been settled from past matriculation and that the student is not in default on any federal or state agency loans.

The Quad: The grassy area between Williamson Hall and Bristol Chapel, the Quad, is the center of the original campus. To maintain its appearance, members of the College community walk around the Quad, rather than across it. Occasionally social functions, such as post-Commencement receptions, are held there.

Daily Choir Rehearsals: An important factor in the exquisite sound created by the Westminster choirs is consistent, quality rehearsal time. This is accomplished by the participation of all students in rehearsals of the Symphonic Choir, the Schola Cantorum or the Chapel Choir four days each week.

Colors: The official colors of Westminster are purple and gold. However, the color red has always been closely associated with the College since, for many years, the Westminster Symphonic Choir wore red robes for orchestral performances. Today, the Symphonic Choir performs in concert dress. The red-robe tradition is carried on by the Westminster Chapel Choir and by the Westminster Symphonic Choir when it wears red robes during Commencement. The University’s colors are cranberry and white.

“The True Story of Cinderella”: This whimsical rendition of a favorite fairy tale was written by Warren Martin while he was a member of Westminster’s faculty. It is performed periodically by members of the voice department, with a little help from some friends, as part of the academic year’s opening activities.

Fall Convocation: This all-campus gathering is held in Bristol Chapel to open the academic year. The faculty process in their academic regalia, new faculty members are introduced, promotions are announced, and freshman awards are presented.

Homecoming: Held in the fall and sponsored by the Student Government Association, Westminster’s homecoming includes a contest for homecoming king and queen, and a dance.

Family Weekend: This event is typically held the first weekend of November. The families of Westminster students are invited to campus for concerts, master classes, open houses and receptions.

Holidays at Westminster: Each December Westminster Choir College presents a two-week festival of holiday music featuring concerts by each of the College’s choirs. Williamson Hall and Bristol Chapel are festively decorated, and music lovers from throughout the area visit Westminster’s campus.

Midnight Breakfast: On the night of the first day of final exams for each semester, College and University administrators assist in serving a late-evening breakfast to students as they begin final exams.

Spring Convocation: In late April, Westminster’s Spring Convocation is held to recognize students who have earned honors and scholarships for the upcoming year. Traditionally, the program concludes with everyone singing the Lutkin Benediction.
**Spring Fling:** Spring Fling, sponsored by the Student Government Association, features events designed to help students relax before final exams. Sponsored by the SGA, it is held on the Great Plains, the area between Talbott Library and Seabrook Residence Hall.

**Alumni Week:** During the week before commencement, Westminster’s alumni return to campus to celebrate and reconnect with classmates and friends at reunions, concerts and other events.

**Commencement:** Westminster’s commencement is an all-college event that is held in the Princeton University Chapel. Grand and colorful, it includes performances by all of the choirs and special organ and brass music.

**Alumni Association**

Graduation from Westminster Choir College of Rider University marks the beginning of a lifetime status as an alumnus/a. All former Westminster students who enrolled in a degree program for more than one semester are automatically members of the Alumni Association. The
Alumni Association is an important and vital link between the alumni and Westminster. The Association exists to nurture relationships with, and among, current and future Westminster alumni. It promotes alumni involvement and commitment to the Westminster community.

As a partner of the College, the Association participates with the College in offering programs of relevance and service to alumni. In the spirit of fostering and strengthening the connection, alumni get involved with various volunteer positions in organizing alumni events, recruiting prospective students, and working with the development office to promote Westminster’s Annual Fund. Alumni events are held throughout the year at Westminster and in local regions.

As part of the campus community, the Alumni Association and the Office of Alumni Relations welcome freshmen and new students, invite students to lunch with Alumni Council members, and showcase choirs, faculty, and performers during the Alumni Reunion in May.

**Bicycles on Campus**

Students may house personal bicycles on campus.

- Students who wish to keep a bicycle on campus must properly identify their bicycle through Rider University’s Operation ID Program. Identification stickers may be obtained at the Westminster Department of Public Safety. Bicycles that do not have this identification will be disposed of. For more information, contact the Detective at ext. 7772.

- Storage racks are located in the breezeways between the “DIPS” residence halls and under the tree outside of the library. Students may not lock their bicycles to the stairwell railings in the DIPS breezeways.

- Students are encouraged to use their own locks and to keep their bicycles locked at all times when not in use.

- Commuter students may also use the racks outside the library.

- Bicycles are NOT to be kept anywhere else on campus. They are not to be stored or temporarily parked in any other building (including residence hall common areas). Owners of illegally parked bicycles run the risk of having the lock cut and the bicycle removed and stored. Payment of a storage fee would be required before the return of the bicycle. The student may also lose the privilege of having a bicycle on campus for the remainder of the academic year.

- Bicycles left on campus for the summer must be labeled and locked to one of the bike racks. Unlabeled bikes or those left locked to the stairway railing will be disposed of. Bicycles may not be put in residence hall storage rooms for the summer.
Bulletin Boards

Opportunities, deadlines, and general information all appear on bulletin boards throughout the campus. If you want to be in-the-know, read the posted information at least once a week. The bulletin boards serve different functions depending on their locations.

- No postings are permitted on the doors or walls of any buildings on campus. Materials cannot be affixed to walls, doors, or glass surfaces.
- Official College bulletin boards are located in the foyer of the library and are maintained by the Dean of the College and the Associate Dean of Academic Affairs of the College.
- Academic departments maintain individual bulletin boards.
- Student Center bulletin boards are maintained by the Associate Dean of Students office, with certain spaces designated for specific uses: official notices, public relations, choral activities, competitions, SGA notices, Westminster concerts and student recitals, Lawrenceville campus events, community events, church jobs, part-time jobs, and off campus housing. Individuals and organizations wishing to post in the Scheide Student Center and residence halls must get prior approval from the Associate Dean of Students office.
- Electronic bulletin boards are also displayed in the lobby and bottom floor of the Library, and in the lobby of the Student Center. Maintained by the Office of Information Technology (OIT). Message request forms may be picked up in the OIT office on the bottom floor of the library, the Public Relations office in Williamson Hall, and the Associate Dean of Students office in the Student Center.
- Residence halls have their designated bulletin board spaces. Your Residence Life staff will be happy to suggest the appropriate board for a student’s information.

On-campus lockers are available for commuting students. Such students may arrange to store books, coats and other items in on-campus lockers. There are large and small lockers available in the basement of Talbott Library. The lockers must be signed out in the Associate Dean of Students office. Students provide their own locks for these lockers. If lockers remain locked after commencement in the spring, the locks will be cut and the lockers’ contents removed and donated to a charitable organization.

Lounge Facilities
The Commuter Lounge in the lower level of the Scheide Student Center provides an area for commuters to relax. The lounge also features a microwave and refrigerator to help commuters prepare on-campus lunches or dinners, as well as computer stations with Internet access. Mail Services

Upon arrival at Westminster, each student receives a mailbox which may be used as his or her mailing address until leaving the school. The student mailboxes are located in the Student Center and are assigned by the Mail Center in Williamson Hall. Please note that all students, including special and commuter, must have a campus mailbox in order to facilitate communication with faculty and administration.

Administration of the Williamson Hall Mail Center

U.S. mail and packages directed to students at the College should be addressed as follows:

Student’s name  
Westminster Choir College of Rider University  
SBN # (student box number)  
101 Walnut Lane  
Princeton, NJ 08540-3899

(Note: The use of the ZIP +4 is extremely important.)

All mail is delivered to the Mail Center where it is then sorted and distributed to the Student Center mailboxes.

Notification of special mail such as certified, insured, regular USPS, or special delivery is sent to students via email primarily, though in some cases, voicemail, or a notification slip through campus mail. Students may pick up these packages and special mail at the Williamson Hall Mail Center. Students must show a photo ID and sign for the article.

Administration of the Student Center Mail Room

Incoming U.S. mail is received and sent out once a day. Campus mail is received and sent out throughout the day. Student mail is sorted and distributed to the Student Center mailboxes.
Outgoing mail may be dropped in the appropriate slot next to the mailboxes or through the
door slot of the Williamson Hall Mail Center. All mail must be stamped (stamps are sold in
limited numbers at Westminster Music and Books in the Student Center).

In order to balance the needs of the Westminster community with the expectations for
confidentiality regarding student mail, the following policy of administration will be in effect:

The Student Center mail room may be entered only by authorized personnel of the Associate
Dean of Students staff and the staff of the Mail Center. As a general rule, faculty, staff and
students wishing to distribute mail items to students should leave these items with the
Williamson Hall Mail Center.

Williamson Hall Mail Center 921-7100, ext. 8317

Hours of operation Monday to Friday, 7:30 a.m. to 4 p.m.

Campus Mail
Campus mailings may be dropped off at the Williamson Hall Mail Center. A student mailbox
list is available on site.

Any campus mailing consisting of more than 10 items must be sorted by box-number-order
before submission for distribution. Mail that is not presorted will be returned to the sender.

It should be noted that U.S. mail, once it has arrived on campus, has priority of delivery over
campus mail. Stamps are available at the college bookstore.

Forwarding
1. Leaving permanently: If a student leaves Westminster due to graduation, leave of absence,
dismissal or withdrawal, his or her box will be reassigned to another student. Departing
students must supply their forwarding address to the Mail Center for forwarding
of first-class mail. Packages and third-class mail (catalogs and magazines) cannot be
forwarded, but students may supply self-addressed pre-paid envelopes. These items will
be sent as long as the supply of envelopes lasts. If a forwarding address is not supplied by
a departing student, all of his or her mail will be returned to the sender.

2. Summer break: During the summer, returning students may choose to have their
first-class mail forwarded by supplying their forwarding address to the Mail Center. If the
student decides not to have this mail forwarded, it will be held in his or her mailbox until
the student returns to campus, as will everyone’s third-class mail. Forms will be provided
in the spring for all students to indicate their preferences regarding the forwarding of
their mail.

3. Forwarding addresses outside the United States: Please note that the U.S. Postal Service
will not forward any mail outside of the United States. All foreign students, including
Canadians, must either supply the Williamson Hall Mail Center with a U.S. forwarding
address or self-addressed envelopes together with sufficient postage to have their mail sent
to them at home. Mail will be sent only as long as postage lasts.

For information about other services, contact the Williamson Hall Mail Center. Stamps are
available at the college bookstore (limit five per person per day).
Newspapers

Local newspapers do NOT deliver on campus, but they are available at the Talbott Library. The library carries *The Times of Trenton*, *The New York Times*, *The Princeton Packet*, published twice weekly (Tuesday and Friday), and *Town Topics*, which is another local town paper published once a week. These newspapers can also be purchased in local stores within walking distance of the campus.

*The Rider News (Student Newspaper)*

Published weekly during the academic year (except during student vacations or holiday periods) by a student staff on the Lawrenceville campus, *The Rider News* is the student newspaper for both campuses. This is a valuable source of information regarding upcoming events, campus issues and official notices. This free publication is normally distributed each Friday and is available in the Scheide Student Center. Policies

Parking
At Westminster Choir College and Conservatory, a careful balance in the allocation of campus parking is essential to preserve the integrity of day-to-day campus life. Diverse user groups of faculty, students, administration, staff and visitors, each with different concerns and requirements, collectively create a parking demand. Consequently, on-campus parking is viewed as a privilege which necessitates a defined plan to successfully work. No plan will be successful without the consistent cooperation of all affected parties. To that end, time limits and usage restrictions for certain parking areas will be diligently enforced.

Parking is prohibited in fire zones and on campus roadways except as otherwise designated. The Department of Public Safety may limit or alter on-campus parking and traffic flow in the event of an incident, emergency or campus event.

Vehicle Hang Tags
A valid hang tag is required for each vehicle parked in campus lots. Preregistration is required and a single rear-view mirror hang tag is issued to each eligible Princeton-based faculty, staff or student. The hang tag is color-coded to identify the lot where parking is permitted and the university status of the individual (faculty, staff, or student).

• The single hang tag issued per person (NOT per vehicle) is to be used for each appropriately registered vehicle from the same household.
• Hang tags may not be transferred or lent to another person.
• The hang tag must be visibly and prominently displayed for Public Safety personnel viewing, hung from the rear-view mirror without any obstructions.
• Hang tags are issued free of charge.

Please note: As per New Jersey statute, hang tags must be removed from the mirror while driving.
Any hang tag holder may obtain a temporary parking permit from the Public Safety Office for an unregistered vehicle when the registered vehicle is unavailable due to repairs or for another valid reason.

**Who Will Receive Hang Tags**
Faculty, staff, and students who primarily work or study on the Princeton campus, as outlined below, and Conservatory families will be issued vehicle hang tags. Upon registering a vehicle with Public Safety, each individual will receive a single hang tag that can be transferred among his/her registered vehicles. The following people receive a hang tag:

- Faculty and staff whose home department or office is located on the Princeton campus.
- Eligible students who reside on or whose academic program is based on the Princeton campus.

Freshman resident students, with the exception of those who have off-campus church jobs and are Sacred Music majors, are not permitted to have cars on campus.

**Types of Hang Tags**
Permanent and annual hang tags will be issued as follows:

- Full-time faculty and staff, including priority adjuncts, will be issued permanent hang tags that do not require annual renewal.
- Students and Conservatory families will be issued hang tags on an annual basis, meaning that they must register their vehicles every academic year as they have done previously with parking decals.
- All non-priority adjunct faculty and part-time staff will be issued annual hang tags that require renewal every year.

**Recognition of Hang Tags and Parking Decals on the Two Campuses**
Hang tags are recognized on the Lawrenceville campus for faculty, staff and students who work or study on both campuses. Likewise, parking decals for those who work or study primarily on the Lawrenceville campus are recognized at the Princeton campus. There is no need for anyone to have both a hang tag and parking decal.

- D lot (except from 3 a.m. to 7 a.m.)
- C lot from 5 p.m. to 3 a.m.

Commuting students taking ME 581 or ME 582: F lot (between lots C and D alongside Talbott Library) from 7 a.m. to 3 a.m.

(Resident students taking these courses park in D lot.)

F lot becomes available to faculty and staff only after 1 p.m. until 3 a.m.

**Conservatory student and family parking:** D lot and E lot.

**Conservatory Pickup/Drop-off**
Four designated short term parking spaces are provided to Conservatory students. Only 15-minute parking is permitted in these pick-up/drop-off spaces. A hang tag is not required to use these spaces.

**Visitor Parking**
Spaces are available for visitors as marked along Talbott Library and Seabrook Hall and along Williamson Hall Drive closest to the entrance of the building. Only visitors may use these spaces. All visitors must obtain and display a temporary permit from Public Safety, valid for the day of the visit. Hosts (departments or individuals) are responsible for notifying their guests or visitors of the parking rules and regulations and ensuring compliance.

**Handicapped-Accessible Spaces**
Designated handicapped-accessible spaces are interspersed throughout the on-campus parking lots.

The applicable license plate or placard (i.e. hang tag) issued by a state Department of Motor Vehicles is required for these spaces and must be displayed while parked in a designated handicapped-accessible space.

Temporary state placard applications are available at the Services for Students with Disabilities Office, located in the Vona Academic Annex Room 8 on the Lawrenceville campus, the Services for Students with Disabilities in Taylor Hall, B2 on the Princeton campus, or at your municipal police department. The application requires a doctor’s signature and a small fee, and should be submitted to the nearby Princeton Police Department. If you are a resident student, please use your Westminster Choir College address. Keep in mind that temporary placards are only valid until their date of expiration.
Faculty, staff and students with handicapped license plates or state-issued handicapped hang tags must register their cars with the Campus Public Safety Office.

Enforcement and penalties will be assessed by Public Safety in accordance with State law.

Please note that overnight parking (3 a.m. to 7 a.m.) is only allowed for resident students in D lot, and for faculty, staff and students with a special pass from Public Safety in C lot.

**Temporary Permits**
Public Safety will issue temporary permits for single-use daily parking needs.

**Issuance/Replacement of Hang Tags**
Lost or stolen hang tags must be reported to Public Safety for the issuance of a replacement hang tag. The previous tag will be voided in the system, making it ineligible for future use. Public Safety officers will have a record of voided tags.

**Speed Limit**
The speed limit on all campus roadways is 15 miles per hour.

**Violations**
Tickets will be issued by the Department of Public Safety. Violations and fines will be listed on the ticket face and are payable to Rider University. Payments will be made in the Bursar’s office. No grades or transcripts will be issued nor will course registration be permitted until all parking fines are satisfied.

**Outstanding Violations, Loss of Parking Privileges**
Any person with three unpaid parking violations will be subject to having parking privileges suspended until payment is made. Vehicles thus suspended will be wheel-locked (as outlined in the “Repeat Offenders” section below) if found in campus lots. Unless arrangements for payment are made within two weeks of receiving notification of outstanding violations, that person may lose his/her campus parking privileges for the balance of the semester. Parking privileges can be regained only by paying all outstanding violations and by displaying a current parking hang tag.

**Repeat Offenders**
Any person with three or more tickets within an academic year will be deemed a repeat offender. Such a person’s vehicle will be subject to towing or the application of a wheel lock upon any further offenses. The wheel lock will be removed only upon payment of the current ticket together with any other previous fines assessed against the vehicle and a $15 removal fee. Subsequent violations of the parking policy could result in revocation of driving privileges for not less than 30 days and possible disciplinary action. Parking privileges will be reinstated only upon approval of the Associate Dean of Students or Director of the Department of Public Safety.

**Abandoned Vehicles**
Any motor vehicle that has not been driven for 10 consecutive days may be determined an “abandoned” vehicle. The vehicle is subject to towing at the owner’s expense.
**Towing Policy**

Rider University reserves the right to regulate the use of its vehicle parking lots, including the authority to impound vehicles. The responsibility of locating a legal and appropriate parking space rests with the operator of the vehicle. The most effective way to avoid having a vehicle towed is to adhere to all posted regulations; and in the event of receiving a citation, is to pay or appeal the citation in a timely manner.

Vehicles may be towed for violations of the State of New Jersey Department of Transportation Code, Rider University Parking and Traffic Regulations, or in emergency situations. All towing expenses will be the responsibility of the vehicle operator or owner. A vehicle may be towed for, but not limited to, the following reasons:

- Vehicle is blocking or partially blocking a service drive or roadway.
- Vehicle is non-operable.
- Vehicle has been deemed abandoned.
- Vehicle without handicap permit or license plate is parked in a handicapped space; and the owner cannot be located within a reasonable amount of time.
- Vehicle is blocking an area which creates a danger to safety and welfare of persons and property (fire lanes, traffic lanes, walkways or posted areas).
- Vehicle without authorization is parked in a designated reserved space.
- Emergency situations.

**Vehicle Violations**

**Vehicle violations include the following**

- Failure to register or improper hang tag display $10
- Improper parking in visitors spaces, reserved spaces or lot $45
- Improper parking or standing in fire zone or handicap space $75
- Improper parking by blocking walkway, roadway or thoroughfare $15
- Improper parking or driving on grass or walk (damage cost may also be assessed) $25
- Parking outside the lines of a space $10
- Driving too fast for conditions or exceeding the speed limit $40
- Other (as indicated on the ticket)

**Appeal of Violations**

In those circumstances where one believes that a ticket may have been inappropriately issued, they may seek to have it administratively reviewed.

This review is initiated by completing a **Traffic Ticket Appeal Form** found on-line at [www.rider.edu/ticketappeals](http://www.rider.edu/ticketappeals). This form must be submitted within 15 days of the issuing of the citation.
All reviews will be performed by a Traffic Appeals Review Board comprising representatives of the student body and staff. The decision of the Board will be communicated back by regular mail to the person making the appeal and is considered to be final.

A vehicle may be ticketed for the same violation only once per shift (midnight to 8 a.m., 8 a.m. to 4 p.m., 4 p.m. to midnight). Bear in mind that it is illegal to park on adjacent non-campus streets after 2 a.m.

The University assumes no responsibility for the care of, protection of, or damage to any motor vehicle or its contents at any time it is operated on, parked on, or removed from University property.

**Practice Facilities**

**Where?**  
- The residence halls have practice rooms in the basement. These are usually on a first-come, first-served basis; however, piano majors and principals will receive first priority for piano practice rooms. The piano department administers the signups for piano practice.

**When?**  
- Within residence halls, 8 a.m. until 11 p.m. during weekdays and 10 a.m. until 11 p.m. on weekends.

**How?**  
- In organ practice rooms (Ithaca and Dayton, Bristol Chapel):  
  - Sign up through the organ department at the beginning of each semester.  
  - Organ majors are given first preference.  
  - Sign-ups are posted on each door.  
  - Practice rooms are held for 15 minutes, then open to any qualified practicer.  
  - For after hours, see next section.

- In piano practice rooms (Princeton and Ithaca):  
  - Sign up through the piano department at the beginning of each semester.  
  - Piano majors and principals are given first preference.  
  - For after hours, see next section.

- In other locations (Seabrook):  
  - First-come, first-served basis.

- To practice in a classroom or recital venue, request the space by completing the Event Request Form (www.rider.edu/eventrequest) online. Students may reserve a classroom for two hours of practice time per day based on availability. Reservations for recital venues are limited to two hours per week per student. See also: Room Reservations, page 156.

**After Hours**  
Most campus buildings are locked by Public Safety at or about 11 p.m. (Bristol Chapel, Talbott Library and the Student Center are open until 2 a.m. when the college is in session.) Classrooms and studios are not available for practice after the building has been locked for the night.
Public Bus Service

(See page 54 for additional transportation information, including the Campus Shuttle.)

Daily bus service is available on NJ Transit. Connecting bus service allows for access to transportation centers throughout New Jersey, as well as to New York City and Philadelphia. Travel between the Westminster and Lawrenceville campuses utilizes the 606 line. Students having classes or appointments on the Lawrenceville campus may request free bus fares in the Associate Dean of Students office.

Department of Public Safety

(see page 53)

Recreational Opportunities

(See page 25 for additional recreational opportunities on the Lawrenceville campus that are available to all students.)

YMCA/YWCA

Located on Paul Robeson Place (about six blocks west on Hamilton Avenue), the Princeton Y pool offers lap and other recreational swimming.

The Y also offers a wide range of other facilities and activities (weight-training, racquetball courts, basketball courts, adult intramural volleyball, basketball, life-saving and scuba-diving classes) for which students are eligible by purchasing a Y month-to-month membership.

Special student discount memberships are available for Westminster undergraduate and graduate students. Call 609-497-2100 for more information on programs and membership.

Residence Life

Westminster offers housing in three residence halls, each of which provides a unique living environment for its residents. Seabrook Hall, the largest residence hall on campus, is a traditional collegiate hall with rooms located along long corridors. Common bathroom facilities are centrally located on each floor. The first and third floors are women's housing, while the second floor houses men.

Dayton and Ithaca Halls are two semi-detached buildings that are connected to Princeton Hall, which is Westminster’s Conservatory. Dayton and Ithaca are usually co-ed by floor. All floors are arranged in three-room groupings (suites), with two suites sharing a common bathroom.

All halls have practice rooms and free laundry facilities available on the basement level. All rooms are double-occupancy; however, some rooms may be deemed as triple-occupancy based upon enrollment numbers. Lounge/common spaces are available on each floor of Dayton and Ithaca and on the first floor of Seabrook. These lounges are used for programming, as well as a space for students to come together and socialize.
All full-time first- and second-year students at Westminster, are required to live on campus unless they live within a 20-mile radius and have received permission to commute from the Residence Life Office. On-campus housing is guaranteed for the first two years. Room assignments are made for returning students via a lottery system at the end of the spring semester for the following fall.

An Area Director and two Graduate Residence Directors assist in the coordination of housing on the Princeton campus and live-in staff members are on-call each night and all weekend in case of an emergency or crisis. These staff members supervise the Resident Advisor (RA) staff and oversee the daily operations of Residence Life.

There are seven RAs residing on the Princeton campus. The RAs serve many roles and are wonderful resources to residents. Some of the services they offer are: peer advising, crisis intervention, policy enforcement, roommate mediations, and educational/social programming. One RA is on-call every evening beginning at 7 p.m. to address student concerns.

**Break Housing**

The residence halls and dining facilities are closed during recess periods. They are also closed between all terms. If a student needs to remain in on-campus housing during breaks (e.g., winter break, spring break), the student must make a formal request by submitting a break housing application to Residence Life. Students are responsible for their own meals during breaks. In an effort to provide additional residence hall security during break periods, the consumption of alcohol is not permitted, regardless of age. The campus is dry during all break periods. All other social code regulations remain in effect during breaks.

**Room Reservations**

Space for individual practice, meetings and special events may be requested by submitting the online event request form or by emailing wccevents@rider.edu. Additional conditions may need to be met before some requests are confirmed.

**Student Life/Student Government Association (SGA)**

**Membership and Mission Statement**

All students of the Princeton (Westminster) campus of Rider University are governed by the Student Government Association (“SGA”) as resolved by the Rider University Board of Trustees. Full-time undergraduates and graduate students who pay the Student Activities Fee (SAF) are given general assembly membership into the SGA and are given full rights as granted by the SGA Constitution and Bylaws.

The mission of the SGA is three-fold: programming, student representation, and permanent improvements. Social and educational programming is done through the student organizations. The social activities chair and committee are responsible for large scale campus events, like Homecoming and Spring Fling. Student representation is accomplished through the Student Senate and the Executive Board. Permanent improvement projects are designed to improve the campus’ facilities and, therefore, increase the quality of life for all students.
The Preamble to the Unified Student Governments Constitution is as follows: “We, the students of Rider University on its Lawrenceville and Princeton Campuses, in order to serve as the representative body of the students to the faculty, staff, and administration; to uphold a system of responsible leadership in order to maintain the rights and privileges of the student body; to positively contribute to the well-being and growth of the Rider University community; and to foster a community that values a social and cultural environment do hereby establish the Student Government Associations of the Lawrenceville and Princeton Campuses, respectively.”

**Executive Board (Executive Branch)**
The Executive Board consists of the President, Vice President, Secretary, Treasurer, and two Co-Advisors. The Board serves the operating backbone of the SGA and meets frequently to plan programs, projects, training sessions, and other tasks outlined through officer job descriptions in the Bylaws. The following are brief excerpts from those descriptions: The President is charged with being an envoy to the student body by meeting frequently with administration both on the Westminster campus and the Lawrenceville campus. The Vice President serves as the chair of the Senate, running the weekly meetings and aiding them in the legislative process. The Secretary is in charge of taking minutes at all SGA meetings (including the Exec Board, Senate, General Assembly, and SFC) and keeping accurate records. The Treasurer is responsible for the maintenance and organization of the financial dealings of the SGA.

**Student Senate (Legislative Branch)**
The Student Senate serves as the official voice of the student body and the highest voting body within the SGA. The Senate meets weekly and consists of Senators elected by their representative category. The Senate is employed by a 1 representative per 20 student ratio when achievable. Through the use of legislation (bills and resolutions), the Senate brings student issues to a public forum by presentation, discussion, and action.

**Judicial Branch – Community Standards Board**
The Community Standards Board handles violations of the Code of Conduct in *The Source*. Nominees to the board are made by the Associate Dean of Students Office and confirmed by the Senate. The Office of Community Standards is responsible for the administration of the judicial process as outlined in *The Source*.

**Student Finance Committee**
The SFC is made up of representatives from the Senate and student body at large if deemed necessary and ultimately responsible for the allocation of the Student Activities Fee (SAF). The SFC meets frequently in order to discuss organizational budgets and approve/deny requests for discretionary moneys from any student or department within the University.

**General Assembly**
The General Assembly membership is granted to all students of the campus who pay the SAF. The Assembly meets occasionally and all executive level officers of each student organization are required to attend and report their respective organization’s progress at these meetings. Also, the Assembly often features a guest speaker from the University.
Class Governments
Each academic class is governed by an elected four-member council. Each class is listed as an official Student Organization by its graduating year (i.e. Class of 20xx) with the exception of the Graduate Student Association (GSA). The Class Governments are responsible for representing their class, as well as holding programming/fundraising events. Each senior class council typically spends their fundraised money on their Senior Banquet and Scholarships through the Development Office.

Student Organizations
The SGA has several Recognized Student Organizations (RSOs) that program and fundraise throughout the academic year. In order for an organization to be eligible for SFC funds, that organization must go through a recognition process by the Senate.

The following organizations are recognized:

- Black and Hispanic Alliance (BHA)
- Phi Mu Alpha Sinfonia
- Circle K
- Sigma Alpha Iota
- The Warblers
- Vitamin D
- American Choral Directors Association (ACDA)
- National Association of Musical Education (Nafme)
- Canticum Novum
- Christian Fellowship
- RHA
- Deaftones
- Soulfege
- Mannerchor
- Women's Choir
- Vox Musai
- Akun Project

President's Cabinet
Each year, the president appoints a president's Cabinet in order to assist with the operations of the SGA. The positions can be as follows: Technology and Web Development, Dining Services, Community and Outreach, Facilities Management, Recruitment, Social Activities, and Historian and Traditions, Energy & Sustainability, Health and Wellness, and Graduate Relations.

Elections
Elections are held both in the spring and fall semesters. In April of the spring semester, elections for the Executive Board and rising sophomore, junior, and senior class governments are held. In September of the fall semester, elections for the Senate, incoming Freshmen Class Government, and the Graduate Student Association are held. All students may vote for the Executive Board and for their respective representation in the Senate and Class Governments.
**Academic Representation**
The President of the SGA serves as the student representative on the Westminster Academic Policy Committee as dictated by the Agreement between the AAUP and the Faculty of the University. The WAPC discusses and votes on academic issues, including curriculum changes, course proposals, and policies outlined in the academic catalogues.

**Contact Us/For More Information**
The SGA office is located in the Student Leadership Suite in the basement of the Scheide Student Center. The Executive Board can be reached via email at wccgapresident@rider.edu or by phone at ext. 8110. Also, visit the Princeton campus Student Life web page to learn more.

Fire Emergency Procedures
Fire Emergency Plan
Westminster Residence Halls

1. WHAT TO DO WHEN A SMOKE OR FIRE ALARM SOUNDS:
   A. Proceed to the nearest EXIT. Leave the building immediately. **DO NOT** use the elevators. If smoke or fire is present use another EXIT. If smoke is present, keep low or as close to the floor as possible.
   
   B. Report to the building’s designated assembly point. **Stay at the assembly point** to be accounted for and given further instructions. **DO NOT** re-enter the building until a uniformed member of the Emergency Response Team has given an “all clear.”
   
   C. When leaving a room or entering a stairwell, feel the doorknob, or touch the door with the back of your hand. If it is hot to the touch **DO NOT** open the door. If the door is not hot, brace yourself behind the door, and open the door slightly. If intense heat or smoke is present, **DO NOT** open the door any further. Close the door and stay inside the room or use another stairwell.
   
   D. If you are unable to evacuate your room, seal the bottom edge of the door with clothing, towels, bedding, etc. (wet if possible). If possible, hang an object (e.g. coat, towel, sheet, shirt, etc.) out the window to attract attention. **DIAL 7777 FROM CAMPUS PHONES OR 911 FROM PUBLIC PHONES FOR ASSISTANCE.** Follow any instructions given by the Emergency Response Team.

2. WHAT TO DO WHEN SMOKE OR FIRE IS SEEN:
   A. Initiate a Fire Alarm by activating the nearest FIRE ALARM PULL STATION. Pull stations are generally located at the ends of hallways by EXIT doors, entrances into stairwells, or doors leading directly to the outside. **DO NOT** attempt to extinguish the fire. If possible, confine the fire by closing the door to the room.
   
   B. Evacuate the building, then **DIAL 7777 FROM CAMPUS PHONES OR 911 FROM PUBLIC PHONES** to report a fire and give the following information:
      1. Your name, telephone number and the location you are calling from.
      2. The location of the emergency (e.g. Dayton Hall, room #225, etc).
      3. Describe the situation (e.g. smell of smoke, open flames, etc.)
      4. If possible, tell them what is burning (e.g. wastebasket, stove, etc.)
      5. Hang up only after the Emergency Operator has done so, or told you to.
   
   C. Proceed to the nearest EXIT. **DO NOT** use the elevators. If smoke or fire is present use another EXIT. If smoke is present, keep low or as close to the floor as possible. Report to the building’s designated assembly point. **Before leaving your room or if unable to evacuate your room follow the procedure listed in Section 1 C and D.**
