\*NOTE: Many students will choose to pursue CPA certification. Requirements for 150 credit hours suggest the potential benefit of combining the four year requirements (shown here) with those of the Rider Master of Accountancy (MAcc) Program. Consult your advisor regarding the applicability of the MAcc Program toward your career planning and choose electives accordingly.

\*\* Students entering the MAcc program graduating with 120 or more credits (excluding ACC 406) are NOT required to take ACC 406.

Students declaring the CPA track are required to take Governmental & Not for Profit Accounting (MAcc 658) in place of ACC 406. \*\*\*Students who have completed 120 credit hours and have an overall and Accounting GPA  $\geq$  3.3 may take two MAcc electives during their last semester.

<sup>&</sup>lt;sup>2</sup> Students who plan to complete the CPA 150 hour requirement in 4 years should take Business Law (BUS 210) as a Free Elective and International Finance (FIN 308) as one of the required International Business Electives.

<sup>&</sup>lt;sup>3</sup> Transfer and CCS students can take MGT 336 Career Management as a substitute.

<sup>&</sup>lt;sup>4</sup>Choose from LDP 398 Co op Experience Seminar, LDP 200 Foundations of Leadership, LDP 220 Service Learning through MOB, MGT 355 Team Management, MGT 363 Management Skills.
