RIDER UNIVERSITY TRADITIONS

THE PRESIDENT'S ROBE

The robe worn by the president of Rider University was presented by the Rider University Chapter of the American Association of University Professors to Dr. Dell'Omo as a welcome gift in 2015. The robe is cranberry and white, the University's official colors. It is worn by the president at formal academic occasions.

ANDREW J. RIDER STATUE

A bronze statue that bears the likeness of Rider University's namesake, Andrew J. Rider, was commissioned by the 2018-19 Student Government Association. Located in front of the Bart Luedeke Center, the statue portrays Rider sitting on a bench with his arm draped atop it. Rider was instrumental in steering the early institution to success, and today many school traditions are linked to his legacy.

THE RIDER ROCK

The Rider Rock was initiated by students in 2006 to honor generations of Rider students and to connect them to the symbolic Rider Elm, the emblem of learning and the cycles of life. Incoming Rider students touch the Rider Rock following New Student Convocation, and graduating seniors complete the cycle during Senior Week. The five-foot-high granite rock, located on the Lawrenceville Campus Green, is inscribed with Rider's motto, the Latin words "In Omnia Paratus," which translates to "in all things prepared." The inscription continues, "By touching the Rider Rock, we affirm our commitment to the pursuit of knowledge and the betterment of our world. Through the time we spent here, we are forever joined to the past and future generations of students and to Rider University."

THE PRESIDENTIAL MEDALLION

The Presidential Medallion was presented to Dr. Dell'Omo on the occasion of his inauguration as Rider's seventh president. The Presidential Medallion depicts the seal of the University and is inscribed with the University's motto, the Latin words "In Omnia Paratus," which translates to "in all things prepared." Circular links of the chain represent each of the colleges and the names of each of Rider's seven presidents are engraved on curved banner links. The medallion is worn by the president at official University functions of high solemnity when academic attire is worn.

THE MACE

The mace, carried at the head of the procession, is a traditional symbol of authority at governmental, ecclesiastical and scholarly occasions. Originally a warlike implement, it has evolved in form and fabric to fit its present ceremonial purpose. Of silver and ebony, the mace of Rider University is a memorial to Roland T. Henderson, Class of 1949, and was presented in 1975 by his widow, Elizabeth. The names of Rider's seven presidents are engraved on the mace.

RIDER UNIVERSITY STATEMENT OF COMMUNITY VALUES

In our endeavor to make Rider University a just community, we commit ourselves, as caring individuals, to the following principles:

- that our rigorous intellectual life nourishes our minds and spirits;
- that no person roams these halls as a stranger;
- that integrity of word and deed forms the foundation of all relationships;
- that we recognize that real leadership is derived from service to others;
- that we celebrate our differences for they are our strength;
- that we are proud of this special place, entrusted to us by past generations, nurtured by us for future ones;
- that we share not one Truth, but respect our common pursuit for understanding;
- and through the time we spend here, we are forever joined to each other and to Rider University.

Adopted on University Day, April 12, 2001

ACADEMIC HERALDRY

The wearing of caps, gowns, and hoods at college and university functions dates back to the Middle Ages when they were first worn by monks and students in order to keep warm in the damp and drafty 12th-century castles and halls of learning. Through the years, their style and color have come to represent certain exact meanings.

- Gowns for the associate's and bachelor's degrees, worn through undergraduate study, have a semi-stiff yoke, long pleated front and intricate shirring across the shoulders and back. The gown is worn closed and is primarily distinguished by its long, pointed sleeves.
- The gown for the master's degree has the same yoke effect as that of the bachelor's, but is so designed that it may be worn open or closed. The back of the sleeve is oblong and square cut.
- Gowns for the doctoral degree are also worn open or closed. They have long velvet panels down the front and three velvet bars on the bell-shaped sleeves. This velvet trimming may be either black or the color distinctive of the field of learning to which the degree pertains.
- Caps may be mortarboards or soft, square-topped caps. The tassel of the associate's and bachelor's caps may be black thread; the tassel for the master's cap, silver thread; and the tassel of the doctor's cap, gold thread.
- At Rider University, the tassel color indicates graduation with honors: undergraduate degree candidates receiving their degree with honors, cum laude, magna cum laude, or summa cum laude, wear white tassels. Master's degree candidates receiving their degree with distinction wear tassels of cranberry.
- The hood gives further color and meaning to the academic costume. The hood is a shell of varying sizes for the baccalaureate and graduate degrees and of material to match the gown. It is lined with the color or colors of the institution conferring the degree and is bordered with velvet of the proper width and color to indicate the field of learning:
 - Business/Drab
 - Education/Light Blue
 - Fine and Performing Arts/Brown
 - Health Sciences/Citron
 - Liberal Arts/White
 - Music/Pink
 - Nursing /Apricot
 - Physical Education and Health/Sage Green
 - Science/Gold

COMMENCEMENT SPEAKER AND HONORARY DEGREE RECIPIENTS

BARRY '76 AND GAIL BIENENBAUM

Rider University is proud to welcome Barry Bierenbaum '76 as its 2019 Commencement speaker. Barry and Gail Bierenbaum are also this year's honorary degree recipients.

The Bierenbaums are the founders of Mountain Express Oil, a corporation based in Acworth, Georgia, involved in the wholesale distribution of gasoline, diesel fuels, racing fuels, renewable fuels, oils and lubricants, in addition to real estate, food service and convenience stores operating in the Southeast. Barry and Gail established Mountain Express Oil in 1999 with their own location aptly called "Beer Barn." This beginning was based on the principles of providing customers with unparalleled access, service and support. The company has longstanding relationships with stores

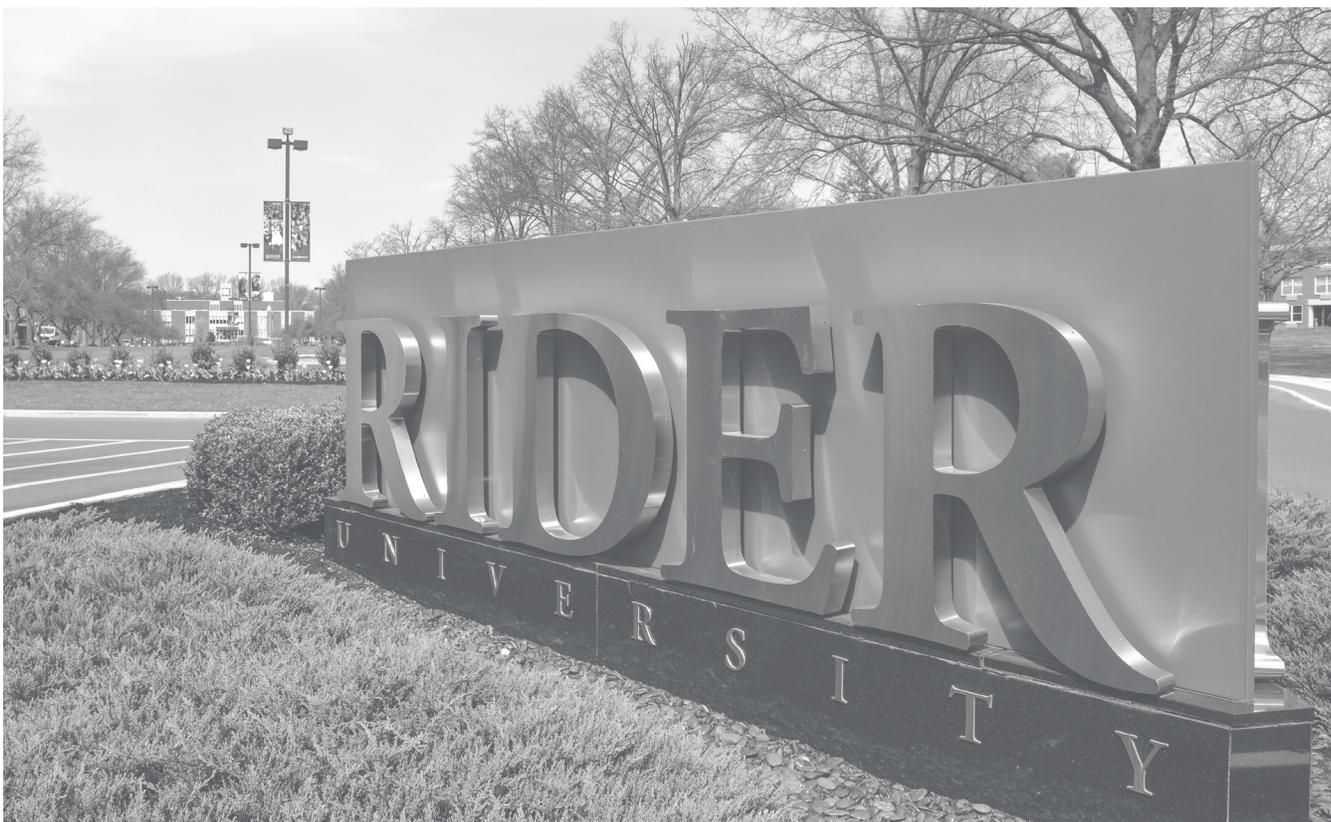

it owns and third-party locations — soon to number over 400 in seven states.

Before the founding of Mountain Express Oil, Barry spent 16 years in senior management with Mobil, which provided him with valuable experience he used to grow his and Gail's fuel distribution company. Barry began his career at Mobil Oil immediately after graduating from Rider with a Bachelor of Science in Commerce with a major in marketing. As it happens, Barry's Mobil recruiter was a fellow Rider alumnus who ultimately offered him the job.

Gail and Barry credit their success, in part, to their core philosophy — to provide the support and resources needed to create a best-in-market store for all of its supply partners.

Through this philosophy, their corporation offers everyone affiliated with it the ability to maximize their value and profitability.

A proud Rider alumnus, Barry is not the first Rider graduate in his family. Bernice Bierenbaum Sussman '48, his aunt, attended Rider when it was still based in Trenton. Earlier this year, Memorial Hall, the home of Rider's College of Education and Human Services, was renamed Bierenbaum Fisher Hall in honor of Barry and Gail's deceased parents, Helen and Samuel Bierenbaum and Alfreda and Roy Fisher. The Gail Bierenbaum Women's Leadership Council is also named in recognition of Gail's professional accomplishments and success as co-founder of Mountain Express Oil, as well as her dedication to supporting and mentoring women.

Degree Candidates

The following is a list of candidates for degrees. Indication of graduation honors is based upon the cumulative grade point average after the conclusion of the fall semester. The official roster of degree recipients and the final calculation of graduation honors are recorded in the Office of the Registrar of the University.

* Degree candidates listed with this symbol completed their degree requirements in December 2018 or January 2019.

+ Degree candidates listed with this symbol are expected to complete their degree requirements during the summer.

A recording of today's ceremony will be archived on the Rider University website.

Today's graduates are being professionally photographed by Legacy Photographics. Proofs will be sent to their rider.edu email address.

RECESSIONAL

The audience is asked to rise for the recessional.

We recognize the passing of members of our Rider community with the flower arrangements located center stage. Flags hanging in the arena represent the countries of graduates' citizenship.

COMMENCEMENT SPEAKER AND HONORARY DEGREE RECIPIENT

JAZMINE FENLATOR-VICTORIAN '07

Rider University is proud to welcome Jazmine Fenlator-Victorian '07 as its 2019 Commencement speaker and honorary degree recipient.

Fenlator-Victorian is a two-time Olympic athlete and former Rider University track and field standout. She made her Olympic debut at the 2014 Winter Olympics in Sochi, Russia, competing as a pilot for Team USA in bobsled. In the 2018 Winter Olympics in PyeongChang, South Korea, she became a member of the first all-women's Jamaican bobsled team, just 30 years after the men's team made its first appearance. Fenlator-Victorian, who is a dual citizen of both the United States and Jamaica, switched her affiliation to Jamaica in an effort to increase diversity in the sport and create

representation of multiple cultures.

Fenlator-Victorian's bobsled career began after the encouragement to try the sport in 2007 from former Rider coach Robert Pasquariello. During her collegiate career at Rider, she earned All-East honors eight times in the shot put, weight throw and the discus, setting Rider records in all three events along with the hammer. Fenlator-Victorian was named one of the top 25 athletes in the first 25-year history of the Metro Atlantic Athletic Conference. She is Rider's first-ever Olympian and the University's first NCAA Track & Field Regional automatic qualifier. Fenlator-Victorian was named Rider Women's Athlete of the Year twice and was elected to the Rider Athletics Hall of Fame in 2015,

her first year of eligibility. She was also honored as a notable alumna in celebration of Rider's 150th anniversary and received the Sesquicentennial Medal of Excellence.

Fenlator-Victorian earned a Bachelor of Arts in Journalism with a minor in advertising from Rider, a Master of Science with a focus in Performance Enhancement and Injury Prevention from California University of Pennsylvania, and a Master of Business Administration from DeVry University with a concentration in marketing. She and her husband, Surf, an Olympic hopeful skeleton athlete, have recently launched the start-up company GoalDen Theory, which specializes in remote fitness tracking, athlete elite development and nutrition consulting.

RIDER UNIVERSITY IS COMMITTED TO
DOING ITS PART FOR THE ENVIRONMENT.

SEVERAL INITIATIVES AIMED AT FULFILLING THAT
COMMITMENT ARE A PART OF TODAY'S CEREMONY:

- The eco-friendly caps and gowns being worn by graduates are made from 100 percent, post-consumer recycled plastic bottles with an average of 23 bottles used to make each gown. Funding for the GreenWeaver™ graduation gowns has been provided by the Rider University Energy and Sustainability Steering Committee (ESSC).
- In addition, this souvenir Commencement book has been printed by an FSC-certified printer with vegetable-based inks on FSC-certified paper with 10 percent post-consumer waste recycled content.
- The Forest Stewardship Council (FSC) is an international network existing to promote responsible management of the world's forests. The FSC label identifies products that contain wood from well-managed forests certified in accordance with the rules of the FSC, which ensure that people, wildlife and the environment benefit from the forestry practices. FSC certification is globally recognized as being the most credible and strongest system for ensuring well-managed forests.
