

*The Senate of Westminster Choir College on the Princeton Campus of
Rider University*

SENATE RESOLUTION

#

In the Senate of the Student Government of
Westminster Choir College on
the Princeton Campus of Rider University

Sen. Fili submitted the following resolution
concerning the seating problem in the Dining
Commons at Westminster Choir College

1 WHEREAS: Westminster Choir College has one dining hall in
2 service for the entire College community from the hours of
3 7:30AM to 6:30PM;

4 WHEREAS: The Dining Commons was not designed to service
5 the quantity of patrons it currently does;

6 WHEREAS: The Dining Commons serves not only the students
7 on the College meal plan, but students, faculty and staff
8 who wish to purchase meals;

9 WHEREAS: The dining facilities are insufficient during times of
10 high volume;

11

12 NOW THEREFORE BE IT RESOLVED THAT:

13 It is the opinion of the student body as represented
14 by the Senate of the Student Government Association of
15 Westminster Choir College on the Princeton campus of
16 Rider University that the seating in the Dining Commons
17 needs to be expanded. This senate recommends to the
18 Department of University Facilities that the ledge
19 surrounding the front stairs to the Dining Commons be
20 converted into a raised seating area. This senate
21 recommends that the ledge be expanded to three feet wide.
22 The side facing the Dining Commons shall serve as a bar
23 style overhang, and raised chairs shall be placed there for
24 seating. On the opposite side, a six-inch high lip will guard
25 the staircase from anything that may fall. The senate
26 would like to see this renovation completed by the start of
27 the spring semester of 2008. This senate will be happy to

1 discuss our vision of this project in further detail if the
2 administration of Westminster Choir College, Rider
3 University, and the Department of University Facilities
4 would wish.
