FREE ELECTIVES

Free electives	10
----------------	----

1. Performance majors are required to perform three times per semester in performance class. Weekly attendance for all performance/studio classes is mandatory. A jury must be performed for any semester that does not include a degree recital. The degree program includes a half recital in the Junior year and a full recital in the Senior year, each requiring departmental approval.
2. Completion of French, German, Italian or Spanish IV is required. If students are exempted from one or more semesters of foreign language, they must replace the missing credits with other Arts & Sciences electives.

Disclaimer: The course information provided above is from the 2014-2015 Academic Catalog and is updated annually as new editions are released. Prior editions of the catalog are also available online. The catalog under which the student enters serves as the official record of admission, academic, and graduation requirements. It is the student's individual responsibility to be aware of the current graduation requirements for his or her particular degree program. While the University makes reasonable efforts to keep website material current and correct, this information is subject to the University's academic policy committees, relevant accreditation organizations, and (in some instances) state and federal laws and regulations.
